E.M. Singleton Receives Editors Award

Mr. E.M. Singleton, Resident Director of the Coastal Carolina Center, on April 28, 1964, became the first recipient of the CHANTICLEER'S Editor's Award. The award was presented Tuesday morning at a special student assembly called by Gordon Harper, editor-in-chief of CHANTICLEER.

This award emanated from the members of the newspaper staff who felt that it was proper not only to honor a brief "thank-you" or even to think one, but to make the praise memorable, public and lasting. So often students, not intentionally but truthfully, forget who is really responsible for many of the privileges, conveniences, and opportunities rendered by a generous, but modest person, as Mr. Singleton is.

Certainly many others have helped to make this year a eventful and profitable as it has been. Traces of services recognized rendered by countless people, from any of the Board of Directors or Board of Trustees, each faculty member, the Education Commission, Mr. Kimble for our first scholarship grant, the custodian, or the administration of University of South Carolina have indeed now been noticed by the Coastal Student Body.

"Our boy, Dickie" as he is affectionately called, has been the driving force behind all of our campus activities. The chorus would have never had its first practice had it not been for Mr. Singleton in an effort to increase extra-curricular for the students. It was Mr. Singleton who provided for the ten minute student radio program on the Myrtle Beach station. It was and still is him who makes so many trips back and forth to Columbia for the betterment of our center. Mr. Singleton has given so endearingly to our athletic teams, both basketball and baseball. It is also so as Mr. Singleton to whom we can always be assured of personal guidance, advice and help to any matter that might present a problem to any student. The office door is never closed, and the chair in front of his desk to not the "hot" one that it would be with a less concerned director.

This small evidence of our deep appreciation to Mr. Singleton could barely show how much of his services above and below...

Chant Offers Distinguished Service Award

Several weeks ago the staff of CHANTICLEER gathered for one of the few truly important and meaningful meetings of the year. During the course of this meeting, it was decided by the staff that several persons connected with the Coastal Community had made meaningful and valuable contributions to the betterment of the school. Many or most of these contributions have gone unnoticed and unacknowledged by the student body, simply because the students at Coastal were unaware that the good deeds had been done at all.

Clearly, it is impossible to make expressions of gratitude and thanks to all who have had a hand in the editing, staffing, and serving of Coastal Carolina. Still, the staff of CHANTICLEER felt that an attempt in this direction must, of necessity, be made. Young people, particularly those of Coastal, are not so proud as to be unable to say "thanks" to all those to whom appreciation is due. CHANTICLEER decided to take steps to insure that a tangible evidence of his brood's thankfulness would be possible.

The exact form of this token of appreciation gave rise to some rather heated debate. Each and every member taking part in the discussion offered some opinion as to what he felt should be done. Several worthwhile proposals were aired before the final resolution was drafted and accepted by the staff. Quite possibly some of the proposed measures would have worked as well as will the one eventually settled upon. We like the one we've chosen, and we feel that we speak for the students of Coastal as we attempt to recognize those whose contributions to the Center have been above and beyond anything that could possibly be expected of them.

Hereafter, it will be the policy of CHANTICLEER staffs to select annually the person whom they feel has rendered outstanding service to the school. The recipient of the Editor's Award, as it is to be known, will not necessarily be one concerned directly with the Coastal Community in a professional capacity. Such a restriction would of necessity eliminate from consideration those who make contributions of financial aid to the school, and all those who give unstintingly of their time to the betterment of the Coastal program, as do all the members of the Horney County Higher Education Commission, without whom Coastal Carolinas would still be nothing more than a pipe dream.

The Award itself will be exhibited on the premises of the school. The present commemorative plaque is designed to include the recipients' names for the next decade. Also to be included annually in the name of the editor of CHANTICLEER for Continued on Page 2

Mr. E. M. Singleton (right) is the first person to receive Editor's Award. Dale Floyd presents him with the plaque.

Of Cabbages And Kings

Hasey Taylor

The AMERICAN

May I begin this article with a salute to a man who was probably the greatest American of the century, the first living Field Marshall of the General Army, Douglas MacArthur. This "American" for such is his deserved title, gave more to the United States as a military leader than any officer of the 1890's with the possible exception of only Gen. George "Black Jack" Pershing. With General MacArthur's death just past, I feel that it will bring to mind the many great Americans the greatest mistake President Truman made i in recalling MacArthur during the Korean War. If this mistake had not been made, it is certain that the Communist threat we feel today would not be as real.

"Tourist Fever"

As you warm up in this great Independent Republic of the United States, this preparation for the influx of the "Drunk Tourist" that flood Myrtle Beach is under way. Every "hot" spots are beginning operation with one purpose in mind FR the tourists.

against the true cross-section of the Coastal Carolina Community. Students who would be more than willing to accept the responsibility of a council office are held back by this "Hamilltonian" rule. (Government by the best people because they have the most to lose).

A person who is eligible to run for office is eligible to participate in the government but the people who elect him are not eligible to participate in the government. This seems to contradict itself no matter how true it is. Ninety nine percent of all governmental and political participation is done by the voters. If a person is eligible to be a part of an organization then he should also be eligible to hold office in that organization. It is in my opinion the members see fit for him to do.

The majority of the students say by means of voting who shall be eligible to run for office but in this case the constitution says the minority will rule. This editor will not only oppose this rule but will offer an alternative. The grade point should be dropped to 2.0. This would widen the opportunity for more students and would possibly return to the council the experienced and knowledgeable representatives. With a brand new council every year, such as this rule will cause, no precedent can be set for a smooth running student government.

If you, the majority of the student body, agree with the opposition printed in this editor's report or tell your representative on the council to oppose the 3.0 rule. Complaining among yourselves will not get the rule changed. Complain to the council.

I am not condemning this industry of catering to tourists but don't get your picture marred. I merely am suggesting that the natives of the Grand Strand have pony on the out-of-state traveler and vacationer. Be nice to them. They can't help it if they're born Yankee. Just remember these tourists support us the year-round with their contributions of the summer season.

"Localized Joke"

I remember when I first became aware of the traditional Southern feeling toward the Northerners. That was when Pa took me on his knee and told me that he was twenty-two years old before he knew that "Yankee" was two words.

"Political Return Gift"

My admirers would never forgive me if I didn't bring in this tiny little controversial item so I think hard and came up with this bygone saying. "The behavior of the United States is J. Strom Thron- mond Trust him!"

James Vies For President's Post

If, Bennett James, Jr., am running for the office of President of the Student Council of Coastal Carolina. I feel that I am well qualified to hold this important position.

During my senior year of high school, I was elected President of the Beta Club. As President of our Science Club, and co-editor of our school newspaper, I attended Palmetto Boy State as a guest of the American Legion. I was also selected by our faculty as King Teen. During my first year at Coastal Carolina, I have served as Freshman Representative of the Student Council.

I am running for this office because I feel I am the most capable candidate available. I will not promise all the world, but I will promise to do my best, if I am elected, and I will, to the best of my judgment oppose what is wrong and support what is right.

CHANTICLEER]

CHANTICLEER OFFERS Community the great Independent Republic of the United States of America. This is an opportunity for all of us to give a little something to the place we call home.

The reasons for my candidacy are as follows:

1. I want the other candidate to have a little opposition.

2. I enjoy the work associated with this type of position. Being a young adult, I wish to have a better understanding of local government which my past life as a military dependent has not provided.

3. I wish to be active in the environment of Coastal Carolina. I feel that it would be beneficial to me to learn more about the policies of the school. I may, perhaps, be able to benefit the college to a small degree.

Sincerely,

Joe Vied

Vied Announces Council Candidacy

Anderson For Vee Job

I, Jane Anderson, am a candidate for Vice-President of Coastal Carolina Student Council, University of South Carolina for the year 1964-1965.

I was graduated from Myrtle Beach High School 18th in my class. During my senior year I held the offices and received the honor of President of Future Teachers of America, "Miss FTA 1964" Furman Scholar, Senior Class Treasurer, "a senior superlative, costume designer for our Drama Club, a member of the South Carolina All-State Chorus, the BEACOHEUM columnist Ruth Thomas Scholarship recipient, and Citizen of the Year 1962." Other offices during high school years include band member, student council representative class and homecoming officer. Here at Coastal I have been a member of the chorus, bowling team and the CHANTICLEER staff as a correspondent in the Miss Coastal Carolina Contest.

Whether or not I am elected depends on the student's votes. In the event that I am, I shall fulfill the duties of that office to the very best of my ability, and I know that you will be much appreciated. Thank you.

Rowe For V/P

I, Henry Rowe, hereby announce my candidacy for the office of Vice-President of the Student Council for the coming year. I feel that I am qualified for this office for I have had experience as a member of the Student Council of Conway High School.

If elected, I will do my best to carry out the duties set forth for the office of Vice President in our Constitution. I will cooperate with the other members of the Student Council, and will endeavor to bring about a better student government for the coming year.

Your vote and support will be greatly appreciated.

Donna Godbold

For Money Job

I, Donna Godbold,b hereby announce my candidacy for the office of Secretary of Student Council of Coastal Carolina for the coming year.

I have kept books for the Sinclaire Refining Company and have had a course in accounting. I feel that this experience will be invaluable if I am elected Treasurer. In the event that I am elected, I will work diligently and sincerely to help make next year's Student Council the college's best year.

I will appreciate your vote and support.
'Termpaperitis' Seizes Coastal

CHANTICLEER is alarmed with the recent appearance of two contagious diseases that seem to be sweeping across our campus. Of course, everyone knows that several of Coastal's students have had the measles; in fact, speckled faces have almost become the fashion here. But there is another disease, less known perhaps, but far more dangerous than the measles. It has caused several of our professors to suffer unmercifully. This strange, mysterious malady seems to affect only the faculty, who, when they come in contact with the horrid thing, become almost vicious in their treatment of those around them, especially their students.

MISS MARJORIE JOHNSON, a little 5'2" package of everything that makes good men leave home, has caught your eye and has managed to twist your old gnarled carcass around her little 'pinkie.'

MARJORIE, an eighteen-year-old beauty majoring in Business Administration hails from Loris. In addition to carrying a full academic load at Coastal Carolina, she is employed by the Harry Telephone Corporation. Even amid all his happiness at the prospect of welcoming MARJORIE to this select flock, CHANTICLEER is given pause when he reflects on the sobering fact that Miss Summers, sociology, Mrs. Dammer, art, and Mr. Maddox, English, are among those that Chant knows of as already having this ailment. The disease is spreading rapidly and this reporter feels that it may reach epidemic proportions by the end of this month. It seems that Miss Summers first introduced this "killer" into our midst; Mrs. Dammer soon caught it and finally, that dear, sweet, kind, generous soul, Mr. Maddox was afflicted. Although our darling of the "spooned sitters" and "pooh-pooh proclaimers" was the last to catch the horrid thing, be no means has a mild case; in fact, his condition is such that there is no hope of his ever recovering to his former state of blissful congeniality with his students.

A laua was held Thursday night, April 15, at Long Bay Estates outside of Myrtle Beach. This was the club's last social function of the year.

Be all this as it may, welcome, MARJORIE, to Chant's bevy of beauties.

SOPH'S OVERPOWER COASTAL
FROSH IN SOFTBALL, 18-13

Did you miss it? If so, you are to be pitied because it was way out! I'm referring to the softball game between Coastal Carolina's freshmen and sophomores of both sexes.

Even though the sophomores did their best to hold the score down, they still completely overpowered the frosh by the score of 18 to 13.

The rather large crowd was kept on its feet by the antics of the eleven base runners. A few who excelled on the bases were: Burt (Road Runner) Strickland, Ned (Gray Ghost) Plankett, Virgil (Flash) Aubrey, Morris (Speedy) Thomas, Jesse (11 a py) Face, Causey (Charles Longhorn) Jordan, Janis (Ducky) Blanton and Donna (Fireball) Godbold.

The game was almost called off several times because of the numerous arguments between players and umpires. Fortunately no players were thrown out of the game but several heavy fines were levied and will be collected at the July Dance. The sports department thinks that the three umpires --- "Eagle Eye" Harper, "Snoop" Maddox, and "Sherlock" Singleton should be given a hand and should be kept in mind for future games.

CHAPIN COMPANY
COASTAL CAROLINA'S MOST COMPLETE SHOPPING CENTER

Myrtle Beach, South Carolina
CASSIUS X

Every since Cassius Clay won the heavyweight boxing championship of the world, he has been in the headlines constantly because of his religion, not because of his boxing abilities. After his upset victory over Sonny Liston, Clay announced to the world that he was a Black Muslim. As soon as he said that, everybody started jumping on the poor boy's back. The WBA, a front which thinks it can control the sport of boxing, has declared that Cassius is no longer the heavyweight champion. It is presently planning a series of fights to determine a new champion.

This is all a bunch of nonsense, as far as I am concerned, the religion of Cassius Clay is his own business. He has as much right to be Cassius X, as Mr. Johnson has of being President.

Williams, Merritt
For Secretary

I, Joan Williams, hereby announce my candidacy for the office of Secretary of the Student Council for the coming year. I take dictation and type so I feel that I am qualified for the office. If elected, I will do my best to attend all meetings of the Student Council and student body.

I very much appreciate your vote and support.

Margaret Ann Merritt
Columbia, S.C.

By the Way

Richard DeLonge of Darlington has been clocked in 10 flat this spring in the 100-yard dash. This would probably win him in the Post-Courier Relay... Joey Brant ton, not only plays football and basketball well, but is also a standout in baseball. I think he could play any of the three sports in college.... Sure didn't know that Morris Thomas was such a ball player. He was a leading factor in the soph's predicted win over the fresh in softball...... Boston apparently will win the professional basketball championship again this year.... With Chamberlain playing defense as well as offense, the San Francisco Warriors are in the lead in the Western Division. Now all they have to do is beat St. Louis and Boston..... The center on Russia's women's basketball team stands six feet eight inches high.... Dake Snider is happy to be with a pennant contender again. He was traded to San Francisco last week. . . . . . Sure hope the Washington Redskin know what they are doing. Norman Sidwell was too much of a Gill to give away... With Gene Conley's retirement, Dave Dubeschere is the only remaining two sport professional. He plays basketball with the Detroit Pistons and baseball with the Chicago White Sox. . . I hear that one of Coastal's baseballers wears a protective nose guard. Hope it is not serious. That's all.

Student Council and student body,
I will appreciate your vote and support.

Margaret Ann Merritt
am a candidate for the office of secretary of the Student Council of Coastal Carolina Center of the University of South Carolina. I was graduated from Conway High School in 1965, a commencement speaker and member of the National Honor Society.

If I am elected to the office of Secretary of the Student Council, I will strive to do my best to uphold that position. Your support will be most appreciated.

Plunkett's

Letter
To The Editor

Dear Plunk,

Since it has been several weeks since the last issue of the CHAN TICLEER was published, I assume that I have allowed your little boys a chance to play in the Grey Matter eough time to come up with a rebuttal of some description. I must admit though that I don't expect too much because it is difficult to accomplish much in this world with such serious maladjustments as you Carolina people have (heartbeat and breathing).

Knowing that Carolina people can't take a good fight, I figure that my last column got your tail feathers all 'flatter. I even heard that you are carrying a good-sized chip on your shoulder, and, of all things, that you are blaming that fine, upstanding, young, nice-looking Clemson graduate, Mr. Maddox, for the blow deal you in the last issue of the newspaper. Shame on you, Plunk! You should know that Maddox isn't the ONLY TEIR in the jubilee!

I always knew that Carolina was "hurting" but I never knew you people were so desperate.

"Having ticked in football (well), not completely--you made Tulane and Wake Forest happy that's something. It's good that the Hen House wished that Maddox isn't the ONLY TEIR in the jubilee!"

I know that Carolina was "hurting" but I never knew you people were so desperate.

"Having ticked in football (well), not completely--you made Tulane and Wake Forest happy that's something. It's good that the Hen House wished that Maddox isn't the ONLY TEIR in the jubilee!"
