HTC Distinguished Teacher-Scholar Lecture Series

The intent of the HTC Distinguished Teacher-Scholar Lecture Series is to recognize annually a Coastal Carolina University faculty member who has distinguished himself or herself as a teacher, scholar, and communicator. The awardee is an individual who embodies the University's teacher-scholar ideal of searching for and transmitting knowledge through critical inquiry and teaching in his or her discipline, and who supports and appreciates critical inquiry and teaching in the other disciplines of the University. The committee that recommends selection of the awardee is unique in that it comprises faculty members and representatives from the student body, staff, and administration.
