REGISTRATION

Registration and the first week of fall term always brings together a maze of new faces and personalities. One of the nice things about Coastal is its friendly atmosphere. With 1000 FTE's (hopefully) and 20 new faculty members there will be a lot of acquainting to be done. For your convenience, several members of the administration and student body have volunteered to wear name tags and red arm bands. So, if you have a question or need any assistance, stop the next red arm band you see. If he/she doesn’t know the answer, they’ll find out. And maybe you and I will run into each other somewhere along the line.

SPORTS
Coastal Carolina Varsity
BASEBALL

Coastal students who are interested in playing varsity can now take advantage of a new program, the Autumn season. A meeting of all interested students will be held on Wednesday, September 5 at 12:30 P. M. in the gymnasium. Those who plan to participate will be advised of the details at the meeting by incoming baseball coach John Vrooman.

ATTENTION VETERANS

It is important for all Veterans to get in touch with Mrs. Allen, Dir. Veterans' Affairs: Counselor and Advisor. Any changes in enrollment of courses, addresses, etc. should be reported to Mrs. Allen in order to keep your financial matters in order.

Welcome

As Director of Coastal Carolina Regional Campus, it gives me a great deal of pleasure to welcome both new and continuing students to our campus for the Fall Semester of 1973.

We are looking forward to a great year at Coastal, and it is our hope that we will have enrolled 1000 full time students by the conclusion of registration which will qualify us for the senior year in 1974.

We appeal to those of you who are returning to continue to show the exemplary conduct that is typical of Coastal students and to provide the leadership and spirit de corps that makes Coastal number one. We trust those of you who have joined us for the first time will be beginning the richest experience of your lives. The opportunity is here for you to study, learn and grow academically, while making new friends and developing a richer social life.

The faculty and staff stand ready to help you at all times whether it be academic or personal counseling or simply to show you the way. We have added three new faculty members to our Student Affairs staff and we feel that your student government officers are tops. The leadership is here (freshmen will elect their leaders soon) but we need your participation.

Coastal Carolina belongs to you – put it to work for you.

Dr. E. M. Singleton
Director
**Chanticleer**

Inquisitive, rosy, butting into others' problems. These are a few traits of a good reporter. The Chanticleer could use you. If you'd like to make Coastal better, then the Chanticleer is the place for you.

We need reporters, features editor, columnists, reviewers, and business manager, club editors, etc. We are looking forward to your participation in The Chanticleer.

Mike Little, Editor

**REGISTRATION PROCEDURE**

1. **HAVE YOUR PICTURE TAKEN.** Photographs will be taken upstairs in the administration building in rooms 208-206. At this time you may purchase your yearbook. Included in the yearbook fee of $10.00 will be your sitting fee. If you do not wish to purchase a yearbook at this time, a minimal fee of 50¢ will be charged to cover the cost of your sitting.

2. **After getting your photograph taken,** JOURNEY TO THE WILLIAMS-BRICE BUILDING with either your yearbook receipt or your sitting fee receipt. Begin following the posted instructions.

3. **Present your receipt and RECEIVE YOUR CARD PACKET** in room 354.

4. **Proceed to room 350. FOLLOW INSTRUCTIONS GIVEN IN THE CARD PACKET.** Make sure that you fill out everything. There will be people on hand if you need assistance. If you need help, do not fail to ask. It could save you a lot of trouble and a lot of time.

5. **Enter the gym where it is so designated.** With schedule cards in hand, find the appropriate table and SIGN THE CLASS ROLL. PICK UP THE COURSE CARD next to the class roll, and GET A PROFESSOR AT THAT PARTICULAR TABLE TO SIGN BOTH THE YELLOW AND WHITE SCHEDULE CARDS from your card packet. Make sure that you sign a class roll and pick up a course card for each class that you desire to take.

6. **Exit through the right rear door of the gym to the FINAL CHECK table.** Present all of your cards and the entire card packet to the student assistant at the table. If everything is correct, you are ready to pay.

7. **On your left you will find the SGA USED BOOKSTORE.** If you would like to get used books and save some money, by all means, stop in. For those who purchased yearbooks last year, and have not yet received them, you may pick them up in this room.

8. **THE FINANCIAL AID ROOM** will be on the left in room 316. If you are receiving any form of Financial Aid, you must stop by here before you go to the pay station.

9. **YOUR LAST AND FINAL STOP WILL BE AT THE PAY STATION.**

10. Congratulations, you have finished registering for the 1973 fall semester at USC Coastal Carolina. See you when lassies start.

---

**Bits From the Bookstore**

By Pat D'Anna

We hope you had a great summer, but more importantly, we hope you have a great semester. Coastal Carolina is changing and so is the Campus Bookstore — for the better. How? We've added your junior level textbooks, and rearranged the entire store to be more convenient for the purchasing of all materials.

When entering, please keep to your left and follow the book-wall from A through T, e.g., If you are taking Anthropology 101, English 286, Math 501 and Theatre 170, you will be able to purchase the required texts in alphabetical order. You will no longer have to fill out a textbook sales card. The only item required will be your course schedule card showing department and course number.

All textbooks are priced and a cash register receipt will be given for all book sales. This receipt is given for your protection, as no exchanges or buy-backs will be made without your receipt. We hope this will aid in recovering lost books during the semester.

Unfortunately, we had to eliminate some items to make room for our junior year, but as soon as we get a larger area, we'll be adding the "extra little items" that make your campus bookstore a "mini-mite-store."

The Bookstore will be open during registration from 9:00 a.m. to 5:00 p.m. and from 9:00 a.m. to 12:00 Noon and 1:30 p.m. to 5:00 p.m. thereafter.

We are here to serve you, so don't wait until registration to come by and browse.

---

SGA Project
UPPERCLASSMEN SCHOLARSHIPS

PURPOSE: To provide additional scholarships for upper classmen that are in need of assistance. The upper classman is left out in the majority of scholarships offered each year. Most of the scholarships are given to Freshmen, depending upon their high school records and individual needs. This leaves the upper classmen out in the cold. If you do not receive a scholarship as a freshman your chances are nearly zero to obtain one in the future under these present conditions. We as the students are grateful for the scholarships that are offered to our freshmen but we feel that it is time that we do something about keeping our student in school who needs help now. Last year we had several students married and single drop out because of financial problems. Their need was just a temporary need. Some of them came back in the Spring, but they had lost a semester's work. If we had the funds to help these students and other students we feel that we would be accomplishing something useful for Coastal and the society as a whole.

PLAN: We as the SGA would like to set aside one Saturday in September, hopefully the second or third Saturday, and call it Coastal Carolina Upper Classmen Scholarship Day or just Coastal Carolina Scholarship Day. The name is no problem. We want to solicit money from the public in the individual towns that our Coastal students come from. We would need to obtain a permit from the different Chamber of Commercines for their approval. The local students of their own town would take the money up on the streets and other various ways. We would need to advertise the program through the news, television and radio media. The public is the key to success with hard work from our students.

When the results are in the money is to be turned over to Mr. Boyd. We feel that he is in a position to know the individual students who are in need. If he wants to pick a committee for consultation this would be up to his discretion. All scholarships would be awarded by Spring using all the available money. Knowing that this would be a success we would like for this to be an annual thing at Coastal Carolina.

Submitted to the Staff of Coastal Carolina by the SGA on August 6, 1973.
The Coastal Carolina campus is the home of many clubs and organizations among the Coastal students, and we hope that you will find one that is right for you. If you don't happen to find one geared to your own interests and talents, start one. For your convenience, the clubs will have a table set up at the end of the registration line in the gym. If you have already decided on which clubs you would like to participate in at the time of registration, please sign up. Sign up if you would just like to know more about an organization. Below are listed the various chartered organizations and existing interest groups. Look 'em over.

ALPHA MU GAMMA (AMG) is an honorary foreign language fraternity with closed membership. It is open to those students who successfully complete a certain number of semester hours in one or more foreign languages and wish to further explore the customs and languages of other countries. President for the '73-'74 year will be Wayne Chestnut.

THE ATHENEUM is the college yearbook. Everyone is invited to participate. The staff strives to depict the academic year in pictures and copy through innovative and experimental and artistic means. Even if you are not an official member of the Atheneum staff, your ideas and suggestions are welcome.

THE ARCHARIOS is the literary magazine and participation is encouraged from everyone. The publication is composed of art, poetry, and other forms of literary memorabilia.

ALPHA BETA ALPHA (ABA) is the college's newly organized social fraternity. Members are a group of fun-loving young men who hope to achieve closer friendships as an organized group. Members are selected by the ABA Brothers and invited to join the fraternity. President is Joey Hatchell.

AFRO-AM is an organization of Coastal Carolina Black youths. They hope that through the Afro-Am group they can come to better understand the human race and the problems faced by the minorities. Membership is open to all black students. President of the organization is Herman Parsons.

CHANTICLEER (great club)

CAMPUS UNION, under the direction of Gary Stone, is in charge of providing entertainment and cultural outlets for the student body. The Campus Union plans dances and books bands, orders and shows special films, obtains interesting guest lecturers, and plans and organizes special and super-terrific group trips for the Coastal students. Each student registered at the Coastal campus is a member of the Campus Union, but you are invited to be an active member of CCCU.

THE FRENCH INTEREST GROUP was chartered last spring to serve as a club for all students interested in the language and culture of the French people. Membership is open to all interested students. President is Jack Parks.

THE CIRCLE K CLUB was a civic club sponsored by the Conway Kiwanis Club. Circle K members are to serve the community and college. Last spring this organization disbanded, but if there are any interested students we will get it started again. All Coastal men are eligible for membership.

THE PHYSICAL EDUCATION MAJORS CLUB was started last fall in order to help P. E. Majors get experience in organizing P. E. activities, and to answer any questions which may arise during the year concerning the P. E. program. All P. E. Majors are eligible to join.

K-ETTES is a sister organization to the Circle K Club. It is designed to develop an interest in others and to serve the college and community through various projects. All Coastal coeds are eligible for membership.

THE STUDENT NURSES ASSOCIATION is a group of nursing students hoping to further their interests and experience in the world of nursing. All nursing majors are encouraged to join.

THE VETERANS CLUB is an organization of young men who have served our country as members of the Armed Forces and who have now returned to further their academic education. In the past the Vets Club has been one of the campus's most active groups, as the veterans have demonstrated their abilities to organize and get the job done. President for the forthcoming year is Jack Hancock, and membership is open to all veterans.

THE STUDENT GOVERNMENT ASSOCIATION (SGA) serves as the sounding board for student grips and suggestions, and as a liaison between the student body and the faculty and administration. Except for club representatives, all members are elected in an open election of the student body. For further information on the organization see the article on the SGA.

THE COASTAL CAROLINA THEATRE is comprised of all Coastal students interested in the theatre. Janie Jones, the theatre professor, will be working closely with the CC Theatre and its productions. Keep your eyes and ears open for information on a fall production. Participation is not limited to theatre students.

UP IN THE AIR? There has been talk of starting an interdenominational organization to serve the needs of all students interested in religion(s). Will the 4-16 group meet again? We can't really tell you about this group because it is not organized. The 7th person in is the president. Maybe it is just a jam session between interested persons (faculty and students), with an equal voice for all. A HOT AIR CLUB for those interested in philosophy? Well, who knows. Maybe we can get a pep band for those basketball games this year. Sure hope so. It would make things a lot livelier, and sure give those ball players an extra ounce of encouragement. Got an interest? Join a club, or start one.

NEW FACULTY

Coastal is fortunate in adding to her staff 18 new faculty members. They are another step in the continued growth of Coastal Carolina. These new additions add to the fine staff that already exists at Coastal.

For incoming Freshmen, especially, the names of the new faculty are listed:
Dr. Gerald Vance Boyles, Mr. Darcy Rowland Carr, Mrs. Carolyn Gleaton Cox, Dr. Gerald Groves, Dr. Bruno Gujer, Dr. Alvin L. Hall, Mr. Walter R. Hambrick, Dr. Eleanor B. Lester, Dr. Wallace Edgar McNew, Mr. Douglas D. Nelson, Mr. Richard H. Peterson, Mrs. Celestino Ruiz, Dr. Thomas J. Trout, Dr. Robert Z. Vause, Mr. Lester S. Whitley, Dr. Joseph Wightman, and Mr. James H. Rex.
To the Class of 1973

To the class of 1973:

On behalf of the Afro American Club, we would like for all the incoming black freshmen to join the club. The club started last year in the spring. The president of the club is Herman Parson. As soon as the club is organized new officers will be selected to take over where we left off in the fall. We would like for some of you new freshmen to be officers and serve on the committees.

Come on out and join the crowd and find out how college life really is for the blacks. It's fun!

Thank you for your cooperation.
A faithful Member, Karen Mishoe

ALPHA MU GAMMA

Alpha Mu Gamma is a national collegiate Foreign Language Honor Society whose raison d'etre is to recognize achievement in the field of foreign language; to stimulate and promote linguistic attainment; to encourage the study of foreign languages, cultures, and civilizations; and to foster sympathetic understanding of other peoples through international friendships.

Our chapter – Gamma Psi – is one of seven chartered societies in the state. It consists of some twenty members whose interest and scholastic achievements have qualified them for active membership.

Elected officers are:
President – Wayne Chestnut
Vice-President – Delinda Todd
Secretary – Leslie Dawes
Treasurer – Zandra Cook
Historian – Bill Webster

With a larger resident membership this year, Alpha Mu Gamma is planning many activities related to foreign language and culture.

S.G.A. Book Store is business for our students. This project sponsored by the SGA was very successful this summer. We have sold about $800 worth of books making a profit of about $51. The sale is not to make money but to help our students. The Book Sale works this way: a student brings a book in for us to sell for him that cost $10 new, we sell it for $7.50 (41) and we give him $7.00. A charge of 50¢ for a book over $5.00 and 25¢ for a book under $5.00 is made. We have had the best cooperation with Mr. Hicks, teachers and students for this successful project. We will be open for business Registration Day. Bring your books by and let us sell them for you.

P.S. Buy some too!!!!

TO THE CLASS OF 1975

Hey, that’s you, Junior. I am really glad to see all of you back and also the ones that have chosen to join us. We want all of you to join in and make this year the best year yet because next year will be the year to remember. We have many plans for our class this year. These plans involve a drive for scholarships auction, Miss Junior contest, and several other projects.

I would like to express my thanks to all of the students that have put their confidence in my leadership. I will continue to work hard for you and will always be here to represent you in any matters concerning the Junior Class.

Hollie Smith

For
Immediate
Release

Coastal Carolina Regional Campus will add the junior year this September. Plans for the expansion have been underway since the 1972 Fall semester when the USC branch qualified for the third year addition by enrolling 744 Full-time equivalents. "It’s a dream come true for thousands of citizens in Horry County," said Dr. Edward M. Singleton, director and dean of the college.

Approximately 80 new courses will be offered in selected disciplines in Arts and Letters, Business Administration and Education. In addition the campus will also make use of the University’s ETV network and computer services in order to provide a wider variety of junior-level courses.

A new administrative structure has been established to meet the needs of the growing campus. Dr. Joseph Wightman, past president of Erskine College, will assume the new post of Associate Director. Five assistant directors complete the Administrative reorganization: Larry L. Biddle, development and special projects; Dr. S. Ballou Skinner, academic affairs; John M. Graves, business affairs; and John McGann, admissions and registration. The position in student affairs has not been filled as yet.

Anticipated increases in enrollment, plans for a new classroom complex are moving ahead to meet anticipated enrollment increases. The $900,000 addition will include several general classrooms, seminar rooms, and faculty offices. The campus has recently received a state appropriation of $1.2 million for campus expansion and the purchase of additional library books. Groundbreaking for the new facility is expected soon with occupancy during the Spring of ‘74. In the meantime, temporary classrooms and offices will be added near the Williams-Brice Building to take care of the need for more space.

An FTE enrollment of 1000 this Fall will enable the establishment of the senior year during the 1974 Fall semester. Horry County’s dream of a four-year branch of the University is rapidly approaching reality.
We, the Sophomore Class, would like to extend to the Freshmen a hearty welcome and hope that you will enjoy your first year at Coastal Carolina. Rat-Week is for you and we hope that you will participate in the many activities. It is designed to have you THE RA TS meet the many students of your school. Most people participating in Rat Week feel that they are being pressured into something that will make them look like a fool. That is wrong. During the week you will meet many new people who are willing to help you in any way. Friendship is a big word in life today. You will exactly what Coastal Carolina is about. Coastal Carolina is here for the students to learn and become educated so that they can face the problems of tomorrow. Rat Week is fun and exciting. To find out what Rat Week is about come out the week of Sept. 4 - 7 and have fun meeting new people and learning what Coastal Carolina is here for. If you the Freshmen have any questions concerning any of the activities of Coastal feel free to voice these questions during Freshmen Orientation.

Further information concerning Rat Week activities will be given to you at Freshmen Orientation.

Wayne Nobles
One of the many SUPER-SOPHS

---

**Veterans Club Reporting**

The Coastal Carolina Veterans Student Organization represents to each Veteran an opportunity to become an active and integral part of Coastal Carolina's growing scholastic and extra-curricular. As an accredited member of the National Association of Collegiate Veterans, the Veterans Club sponsors many beneficial student and community activities. This is throughout the school year. Last year these included a program for mentally retarded children, a Veterans' Day ceremonies memorial service, a Christmas party for under-privileged children, and a luncheon for the "abundant" Miss America. In addition, the Club members enjoyed a fishing trip spent over Thanksgiving weekend.

Open to all Veterans, active and retired, the Veterans Club looks forward to another year of continued growth and service to the community. All interested Veterans are encouraged to join and participate in making this year's club the best ever.

Jack Hancock
President
Veterans Club
Coastal Carolina

---

**CINO REPORT**

Al Oliver, proprietor of Cino's, would like to take this opportunity to welcome all incoming Freshmen to Coastal Carolina. Mr. Oliver has some fine food which he hopes that the students will take advantage of at the earliest convenient time. Perhaps some may consider several prices too high but, in relation to rising food costs, price increases are minimal. Cino's will be open for registration.

---

**WANTED: Students To Become Involved**

**REWARD: Discovering The Person You Are**

Creating The Person You Want To Be

As Director of Student Activities, it is important to me to see each and every student become a meaningful part of this student body. In addition to class learning, an important part of a person's education takes place through involvement with other students. By taking an active role in the wide array of student activities you will be helping yourself as an individual as well as helping Coastal Carolina grow as an institution of higher education. What activities are you interested in? I would like to get to know each of you. I'm located in the trailer behind the administration building. Let's get together and talk it over.

Mrs. Jane Hazzard
Director of Student Activities

---

**TRUE CONFESSIONS: SHOCKING BIZARRE AND**

Scared and lonely, I remained glued to my seat, refusing to ask questions. I was afraid to look around me. Feeling like a hunk of ham in a school of barracuda, I could feel hundreds of pairs of eyes burning into my brain. I probably would have remained immobile if nature had not called. Upon returning to my "torture", I discovered, to my welcome surprise, a room of silent statues. Looking around, I noticed several people whom I knew from my old high school. Suddenly, I laughed, enticing many people to look at me. Noticing one of their "fellow numbers" was in fact human, some even smiled. The tension in the air seemed more relaxed as many began to laugh at me.

Now I felt that no one could laugh any more at my questions than they had at me. There were so many things that I didn't know and needed to find out: What were FTE's, how many hours to take (what was an hour), what did the campus have to offer in the way of club activities, when was the drop date for courses, where could I go to become involved? To me life is exciting. My questions would have to wait except one: "when is the break?"

a portrait of me

I saw, I looked, I listened
At the things they had to say
As they walked down the road of life
Going merrily on their way.
I touched, I felt, I experienced
Only the exotic fruits of life
Never stopping for a moment
To consider death or strife.
I'd take a shot of courage
Always too blind to see

That instead of running away from life
I was running away from ME.
I lived my life in "highs" and "lows"
And worlds inside my brain
And memories of life before —
I put the needles in my vein.
Sometime in the future
I hope a time I'll see
That I will be the type of person
That I used to be.

Jaye
