Coastal Carolina, along with the rest of the University of South Carolina (USC), returned to the A,B,C,D,F grading system this semester after four years on the "no credit" system, but the change will not effect the average and better student, according to Dr. Paul Stanton, Dean of Academic Affairs.

The Grade Point Ratio (GPR) had become obsolete under the "no credit" system "because a 2.0 was the worst you could do," according to Stanton. A poor student could fail, quit, or make D's in several courses and his GPR would not reflect his below average performance.

USC originally went to the "no credit" system in the fall semester of 1971. The thinking at the time was that if a student was afraid of losing three hours credit, this negative effect would be enough to motivate the student to work harder to pass the course, according to Stanton if the student still failed or made a "D", he could keep a high GPR.

The annual back to school dance was held at the Myrtle Beach Convention Center on Friday, September 5, 1975. The parking problem, a distraction of upperclassmen, was alleviated from the problem as the parking lot was set aside for the students.

At the turn out said sadly, "Funky, Man." Another student made the music were the "no credit" system was the work to balance by a "B" in another course or be retaken. However, if a student makes a "D" in a required course for his major it must be retaken.

Every morning, as each of us arrives on campus, he is faced with the problem: Where will I park today? Or, will I ever be able to find a parking place? Unless one has an 8:30 class and arrives early for it, this parking problem is a distressing one.

At present, the approximate enrollment at Coastal is 1500 and an estimated guess of parking places by Dr. Stanton is 1000. That leaves the 500 extra cars to parking on the side of the road, under trees, or from wherever the drivers are willing to park.

However, this is not a hopeless situation. A solution is in sight. The administration has received a grant that will pay for an additional 150 to 200 parking spaces. This new parking area will be added on to the one behind the Academic Building. Construction on it should start soon but will not be completed until the end of the term or the beginning of the spring semester.

Parking Bull!!

Chuck Mitchell played at Coastal Sept. 29, 30, & Oct. 1. He also played at certain classes.

NEW CLUB STARTS

For those of you who are broke-as most college students are these days, there may be a new organization in the formative stage which will help stretch your last dollar just a bit further.

H. R. Pratte is attempting to organize a social club which has two primary objects -- to gain special group rates for such things as lounge attendance, bowling and others. According to a Senior Representative, this situation is not unique because the college does work on other campuses and feels strongly that it could do here.

(Continued On Page 3)

KEEP THIS IN MIND

When I was a boy I was told that anyone, regardless of ability, could gain his way to the presidency of the United States. I admit my wrong and will remember how to spell my middle name, some thought it miraculous he could get the last name right. I don’t believe Gerry Ford is dumb and intelligence has never been a qualification for a President anyway, but he does give that appearance and it is not reassuring. There are strong doubts over his ability to deal with the Russians, doubts over his reliance on Henry Kissinger, doubts over his leadership in domestic affairs. Compared to Harry Truman, Ford does not match the horse trader instinct. A fair comparison is with John F. Kennedy who was hardly reassuring. By his eleventh appearance on the road to a full term he has already decided to brave the storm. What are his qualifications?

There is a rumor that Gerald R. Ford is a genuine revenge on America but this is not so. After all, Robert Kennedy was murdered in 1968 and the assassins were just as available as Ford and they were passed over. The President has a lot on his mind for him; he was a football player, almost a school with a better record than Whitmer, possesses a fine set of capped teeth, and has given America the Funniest Secretary of Agriculture in our history. He will probably make a lot of the travelers like Nixon and admire Truman. Unlike his predecessor, he seems approachable on a horse!

Chuck Mitchell Returns

Within the past few weeks Coastal played host to entertainers namely Jan Owen, Chuck Mitchell and Hull and Roché. These people all have one thing in common – music each with his own particular style and flair for performing. Feed back from you, performers would be appreciated. Feed back from you, performers would be appreciated. Feed back from you, performers would be appreciated. Feed back from you, performers would be appreciated.

The team of Hull and Roche ended their three day engagement here Sept. 22 and 23 and played everything from country to top twenty and included a few of his own selections. He demonstrated an ease and relaxation in his presentations that captivated his audience.

Chuck Mitchell, here for a return engagement from September 13 to October 2 again proves professionalism not only in his scheduled entertainment but also in his classroom repertoire.

SCM MEETING NEEDS OF COASTAL STUDENTS

The Student Christian Movement of Coastal Carolina is a very unique and active organization. This fall term is the third year the SCM has been in existence on the Coastal Carolina Campus. The Student Christian Movement (SCM) has many members from various religious traditions. Some of the denominations represented in the SCM are Methodist, Roman Catholic, Baptist, Lutheran, Presbyterian and last but not by no means least, those crazy Episcopalians.

The SCM is the only interdenominational organization on the Coastal Carolina Campus. The Student Christian Movement has slowly grown from 2 or 3 until now it is the largest religious body on campus.

The SCM sponsors two weekly activities. Each Monday at 7:30 P.M. there is a Bible study open to all members and any interested people who aren't members. Their Bible studies will be held in member's homes because the atmosphere is more relaxed and friendly in the home environment. Their studies of God's word are being led by Dr. Ron Lackey, Dr. Lackey is in charge of Student Affairs at Coastal and is also the ordained Baptist Minister. Ron is a great person and he will be able to provide many insights into Christianity that most people would be unable to see otherwise. The first few studies will center around the topic "What made the Bible consist of the books it does and also, how it was put together".

The SCM sponsors a brief and informal communion service each Wednesday at 11:45 A.M. under the Philosophy's Dome. The service is conducted by Dr. R. N. Robinson who is an Episcopal Priest as well as a Philosophy Professor. The communion service consists of prayers, readings of the Bible and the administration of the communion. All of this takes only 15 or 20 minutes and almost everyone receives something special through this experience.

The SCM has a lot to offer. If you want to help other people and in turn learn more about yourself and God—join the SCM. Dare to try—we—you might just like us. Upcoming events include a weekend retreat in the latter half of October and the SCM will sponsor a Free Halloween Carolival for Horry County children on October 31, 1975. (Red & White Parking Lot-708 Main Street, Conway).

There are many ministries open to the SCM members. The Jail ministry is a wide open area and it is hoped that many members will assist Dr. Robinson in this ministry. There are also Hospital and Nursing Home ministries which need committed and caring people in order to make their programs successful. If anyone is interested in helping in any of these areas, please contact Dr. Robinson at 248-4839 or Tommy Rickerbaker at 248-4972.

"Anthemum 76" will be a yearbook every student will want to purchase. Dedication and hard work by this year's staff will make this book one you will soon remember. The Nation's Centennial is coming up this year. This lends many ideas and facets to the art of putting together a yearbook. Past history cleverly entwined with the activities of our fast growing college proves to be an interesting setting for "Anthemum 76." Be sure to purchase your copy, don't lose out on a chance for this unique book.

Yearbook sale at registration was a big success, but there are many people who have not yet ordered a book. Only with the support of the student can the staff turn out a book of superior quality and design.

The CHANTICLEER, established in 1962, is the student newspaper of Coastal Carolina College, a branch of USC.

OLD GRADING (Cont'd.)

"Anthemum 76" may be purchased for only $10.00. Many students made a down payment at registration. The remaining balance must be paid by November 20th for you to receive a book. Do not wait for a leftover yearbook, there will be none this year. The staff will minimize costs to the students and the school by printing only the number of books paid for during the fall sales. Check the time and places below where you can buy the "Anthemum 76".

Oct. 14, 15, 28, 29, Nov. 11, 12, at the A&D, & S. Union building between the times of 11:30 and 2:00, and on Nov. 18 at the Student Union between the hours of 11:30 - 2:00.

Also stated that Coastal would remain on the "NC" grading system until the entire university accepted it. A copy of Coastal's proposal was sent to the Columbia campus Faculty Senate and the Regional Campus Faculty Senate. The Committee on Scholastic Standing and Petitions for USC drew up a proposal in late January of 1975 and it was adopted by the main campus Faculty Senate Feb. 15, 1975, to begin fall semester of 1975. Also, this will be the first semester that upper classmen will receive mid-term reports. This is to help the student know just how he is doing.

NEW CLUB (Cont'd.)

COASTAL as well. Priests continue that he does not wish to run the club itself but will be happy to get it started and then turn it over to others. If you are interested, why not contact H. R. or plan to be at the next meeting, the date and time of which will be announced shortly. Watch the bulletin boards—this organization could prove to be the nucleus of the social life for this campus.

COASTAL STARTS BASKETBALL PRACTICE

A new era dawned in Coastal Carolina’s Basketball Monday.

Coastal Carolina began practice sessions on Monday in preparation for their initial season as member of the NAI.

Russ Bergman assumed the coaching duties in July following the resignation of Dan Selwa as Athletic Director and Head Basketball Coach in March.

Since then, Bergman has been busy recruiting recent signees—6-11 David Brooks, 6-4 Ronnie Lovs, 6-3 John Brunson, and 6-6 Frank White.

There will be 18 candidates out for the team including eight returning lettermen, the newcomers, and six walk-ons.

One of the biggest jobs facing Bergman will be finding the combination of old and new faces that blends together.

Heading the list of returners and All American candidate Howard White, a 5-11 guard who led the team in ten offensive categories including points with 24 per game, good for a second place finish in South Carolina.

Dale Ellis, a 6-4 forward and Southern Conference All South, averaged 13 points per game and Lonnie Chestnut, a 6-0 guard scored 12.8 points per game last year.

Pete Eckert, a 6-9 starter at center returns after averaging 8.1 tallies per game.

David Smith and Wayne Duncan are back and should see a lot of action as forwards. Both were starters last year and both are capable performers.

Ken "Moose" Harrington, a part-time starter at center, and John McGuire, a 6-4 forward, round out the returnees.

The 1975-76 Coastal Carolina basketball season gets underway on November 19, when the College of Charleston invades Coastal’s Kimbel Gym at 8:00 P.M.

Coastal Carolina’s basketball team fell to U.S.C. Saturday afternoon; score of 106. Poor defense and inconsistent pitching led to Coastal’s downfall.

Coastal fell behind 32 points in the first inning because of faulty defense but came back to tie the game at 3 all in the third. The Chants had no hits in second and third and no outs in the seventh inning but failed to score. Red Pearson led Coastal batting with 3 hits. Randy Owens was the losing pitcher.

Coastal baseball is now in the middle of fall work-out preparations for the coming spring. Coastal returns 13 lettermen from last year’s team which was 1-10.

All five (5) pitchers returned from last year. Randy Owens 3.5, Steve Williams 5.2, Joe Sterhers 2.4, Gene Bryant 5.5, and Blake King 3.4. Owens, Williams, Sterhers, and Bryant all started last year with King and Williams handling the relief work.

Williams was Coastal’s most consistent pitcher last year. The pitching staff hopes to pick up some help from Newberry transfer Larry Davis, a Myrtle Beach resident.

Beginners need not be afraid, our Skippers will take you out and bring you back safely. This is a C.C.C.S. fund raising activity, proceeds go towards buying a Hobie 16 for intercollegiate racing. Being the family and a pick-nick.

This is the only life you’ll ever have.

Live it!

ROANE TO SPEAK AT COASTAL

Mr. William Roane, account executive for radio station WBIG in Greenboro, N.C., will be at Coastal Carolina College Thursday, October 23, 1975, to speak about William Faulkner.

As a next door neighbor and contemporary of the Faulkner children, he was very close to the family; these associations are the subjects of his talk. Mr. Roane was born and raised in Oxford, Mississippi, and, before entering the U.S. Army in WWII, attended the university there. He has spoken to many groups about Faulkner, and in the past several years mainly at colleges throughout the Southeast. This past summer he was a member of the program staff for the second annual Faulkner conference held at the University of Mississippi. The lecture will be presented in room 203 of the Academic Building on the Coastal Carolina campus. The time set for the lecture is 1:00 P.M.

SPORTS AT BRIEF

By Dave Smith

On the hitting side, two .300 hitters, Glen Aurther and Charlie Wall, were lost through graduation. Back are Red Pearson, 3 Ba. .360 avg. 2B Al Asho .260 1B Eddie Eucker .285, catcher Steve Lee .278, Outfielder Keith Holmock .301, Steve Taylor .300, Larry Monts .240, Steve Folts, and Eddie Salley. Owen hit .255 when not pitching.

Coastal picked up 10 players this year. They are Charlie Hendrick, a shortstop and Kyle Hardwick, catcher, outfielder from Conway, Keith Taylor, catcher and Randy Nemmores, infielder, Greenvile, Ren Holt, a transfer catcher from UNC-Wilmington, James Welk, catcher, Turbesville, Bobby Sellars, infielder, Wingate and Davis from Newberry.

Fall baseball gives Coach John Vrooman a chance to look at new players, experiment with the old and combination may be crucial.

With the hope of better defense and better pitching from Garner and Sterhers, Coastal’s spring could be bright and sunny.

Coastal Carolina’s Women Volleyball team opened against the College of Charleston, last season’s State Runner-up, on September 30, according to the 1975 schedule.

In the tournament, the Lady Chants won only two of six matches to their strong foes. But, according to some of the fans who followed them last year, they played a more improved game.

Playing in only their second season, the Coastal team looks to a much improved season’s 1-10 record over last year’s.

Shown on the slate are six tri-matches and one duel-match including matches against Winthrop College, state champs a year ago and such highly rated teams as University of South Carolina, Francis Marion, Pembrooke State, UNC-Wilmington, and Coker College.

Coach Meade and the Women’s Volleyball Team have received a bid to play in the West Georgia College Invitational on November 18 and 19. The tournament ranks as one of the best in the United States.

The State Tournament will be held at Francis Marion College on November 14 and 15.
