DECISION ON ONE PER CENT. 
MERIT RAISES DELAYED

This past July the state legislature stated that in the event monies became available, all state employees would receive a one per cent salary increase and that merit raises for classified employees may be reinstated for the fiscal year. Since revenue projections were not as expected during the first half of the fiscal year, the legislature did not make a determination on either the one per cent raise or the reinstatement of the merit raise. They have indicated that a decision will be made later in the year concerning these items.
