Before joining the Coastal faculty, he was a teaching and research assistant at the University of California at Riverside. ♦

## Russian cartoonist's work to be displayed in Admissions Gallery

In conjunction with the university's presentation of the *St. Petersburg Ballet*, an exhibit by Russian cartoonist, circus artist and comedian Alexander Aleshichev will be on display in the Admissions Building Gallery on Thursday, Sept. 7 through Friday, Sept. 22. The exhibit, *My World*, opens with a reception Thursday, Sept. 7 from 2 to 4 p.m. Aleshichev, who was a caricaturist clown for EuroCircus, will be present for the opening. The exhibit and reception are free and open to the public. Aleshichev began drawing at age three and at age 12 entered art school. While studying the creative arts, Aleshichev developed a talent for drawing humorous cartoons and caricatures. His caricatures were first published in 1958. He has made portraits of hundreds of celebrities including Russian cosmonauts, stars of the Bolshoi Opera Theatre, American hockey and basketball players, and more.

His paintings have appeared in major periodicals and newspapers in Russia and abroad including

*The International Collection of Finest Caricatures and Cartoons*. He is well known for his speed and accuracy of drawing cartoons and caricatures: a typical caricature takes approximately 5 to 30 seconds.

Aleshichev graduated from the Federal College of Circus Performing Arts and became an artistic performer in the circus appearing as a clown, juggler, acrobat, pantomime artist and eccentric painter. He can draw with his mouth and both hands simultaneously. His 25-year career as a circus artist has been recorded in the *Encyclopedia of Circus Performing Arts of Russia*.

For more information about the exhibit, call Charles Wright at extension 2701.

For performance tickets or more information about the ballet, contact Diane Watson at extension 2502 or extension 2811 or visit the Wheelwright Box Office weekdays from noon to 5 p.m. ♦

## Hair auditions scheduled at Wheelwright Auditorium

Auditions for Coastal Carolina University Theater's performance of *Hair*, a rock musical by Gerome Ragni and James Rado, will be held Monday, Sept. 11 and Tuesday, Sept. 12 at 7 p.m. in Wheelwright Auditorium. Auditions are open to the public. *Hair* will be performed in November as part of the 1995-1996 Wheelwright Series.

Directors Charles Whetzel and Sheryl Ward are casting 20 singers, dancers and musicians for the production.

The American tribal-love rock musical, *Hair*, has been described as one of the best mediums for nostalgic travel to a mythic locale of harmony and understanding, sympathy and trust, brotherhood and love, and peace and psychedelia.

All audition materials will be provided; theater experience is not required. For more information on auditions, call Whetzel at extension 2416 or Ward at extension 2513 ♦

## Address to the faculty . . .

Dr. E. Grady Bogue, professor in the Department of Educational Leadership at the University of Tennessee and chancellor emeritus of Louisiana State University, Shreveport, will address the faculty Monday, Sept. 11, at 3:30 p.m. in Wheelwright Auditorium.

Bogue's book, *Leadership By Design*, is on one-day reserve in Kimbel Library. To check out the book, ask the circulation desk.

## Affordable health services for students at Coastal

In an effort to provide students with accessible and affordable medical care, the university has implemented a comprehensive student health service.

The health service is mandatory for all students residing in university housing and is optional for non-resident students. The cost for this service is \$50 and has been included in the fees for students enrolled in university housing.

A registered nurse will be available on campus weekdays from 8:30 a.m. to 5 p.m. to respond to student health needs. In addition, a 24-hour answering service for immediate health concerns will be implemented. Primary health care will be provided by Coastal Family Medicine, P.C., a family physician medical practice located in close proximity to campus.

The student health service includes nursing assessment, unlimited visits to Coastal Family Medicine, P.C. for illness and injury evaluations by physicians after nursing consultation, and more. The service, however, is not a student health insurance policy. Health insurance is available for all university students at a reasonable cost with low deductibles.

For more information about this new service or student medical health insurance, call Patti Loeb at extension 2329. ♦

## TEAM COASTAL!

As part of TEAM COASTAL!, President Ingle has designated the last Friday of each month as *Coastal Day*. To show our team spirit, Coastal employees are encouraged to wear Coastal Carolina University logo clothing on these special days.

Special order imprinted polo shirts will be available to *Coastal employees only* at the Campus Bookstore. The special order shirts will be sold at near actual cost and ordered specifically for each individual requesting a shirt.

For more information or to order your shirt, contact Carol Collins-Bunn at extension 2361 or stop by the Campus Bookstore.

*Coastal Day* will be celebrated during the fall semester on September 29, October 27, November 24 and December 15. ♦

## Coastal sponsors team for annual beach sweep

The Center for Marine and Wetland Studies is sponsoring a Coastal team for South Carolina's annual Beach Sweep/River Sweep '95 to be held Saturday, Sept. 16 from 9 a.m. to noon.

More than a one-day cleanup, Beach Sweep/River Sweep '95 is a first step toward finding the solution to pollution, according to program organizers.

Faculty are requested to announce the Beach Sweep/River Sweep '95 information to their classes.

For more information or to join Coastal's team, contact Sharon Gilman at extension 2248. ♦

***If you are not planning to use your tickets to the St. Petersburg Ballet please pass them on to a friend or return them to the Wheelwright Box Office. The performance is sold out; there is a waiting list for tickets.***

## Coastal Carolina People in the News

Items in the Coastal Carolina People section will appear in the "On Campus" issue following the presentation or event.

**Steve Hamelman's** review of Robert Gale's *Cultural Encyclopedia of the 1850's* was published in the most recent volume of *South Atlantic Review*. Hamelman's "Biker's Lament," a meditation in prose and verse, was published in the September/October issue of *Dirt Rag*, a national magazine devoted to mountain biking. Hamelman also is in the process of founding the Coastal Mountain Biking Club.

**Tom Kantz** presented an invited paper, entitled "Phylogenetic relationships among the Pleurostrophyceae and Chlorophyceae (Chlorophyta) based on rRNA gene sequence data and non-molecular data," at the Coccoid Green Algae Symposium of the 1995 Annual Meeting of the Phycological Society of America, Aug. 6-10, in Breckenridge, Colo.

Kantz also was an invited participant in a USDA-funded workshop on the current status of the phylogeny of the green algae, Aug. 11-12 in Breckenridge, Colo.

**Subhash Saxena** participated in "CALCULUS REFORM," a workshop sponsored by the National Science Foundation which was held recently at Emory University. Saxena was actively involved in seminar sessions dealing

with various calculus reforms in the United States.

**Kathy Taylor** presented a paper, entitled "Organizing and advising undergraduate research in ecology with little time, money, and equipment: a case study from Coastal Carolina University," at the 1995 Annual Meeting of the Ecological Society of America, July 30-Aug. 3, in Snowbird, Utah. While attending the meeting, Taylor also judged student papers eligible for the Braun and Buell ESA student presentation awards.

Taylor was one of the 11 participants from across the United States in a National Science Foundation Undergraduate Faculty Enhancement Workshop in Pollination Biology held at Rocky Mountain Biological Laboratory in Gothic, Colo., Aug. 10-24. The workshop leaders were internationally known ecologists David Inouye of the University of Maryland, Carol Kearns of the University of Colorado in Boulder, James Thomson of the State University of New York at Stony Brook, and Nick Waser of the University of California at Riverside.

**Kathy Taylor** and **Tom Kantz** have been notified that their coauthored paper, "Undergraduate Research Opportunities for All: A case study from the Department of Biology, Coastal Carolina University," will be published in the September 1995 issue of *Council on Undergraduate Research Quarterly*. ♦
