Dear Fellow Members,

The Horry County Historical Society is making history!

In addition to the Society's original purpose, to collect and preserve the history of Horry County through publication of The Independent Republic Quarterly, we are fortunate to have also begun the collection and preservation of historic property and furnishings.

The Horry County Historical Society Headquarters is now located in The Bryan House, thanks to Miss Rebecca Bryan's generous bequest of her family home built in 1914. Our Executive Director, Ben Burroughs, is there much of the time coordinating business for the Society and assisting HCHS members and the general public in genealogical and historical research. The donation of a new computer system has greatly increased the Society's efficiency and has made it accessible on the world wide web.

Ideas for the Society's long range goals were generated at a membership meeting in March 2000. Toward that end, plans are underway to make The Bryan House more available for social functions. Restoration of The Quattlebaum Office Building will begin as soon as requisite preliminaries are completed and approved. That building, located on Third Avenue in Conway's Historic District, was left to The Society by Mrs. Laura Quattlebaum Jordan and is on the National Register of Historic Places. It housed the first bank in Conway and will soon welcome guests as the headquarters of the Conway Visitors Bureau.

The Society has received several antiques including a piano and an organ, both dating from the mid 1800's. Books and historical records have been donated by several families.

Membership meetings are well attended. Recent programs have included talks on local history, dramatic presentations, a walking tour of Kingston Street, and our own version of The Antiques Road Show. The Society was represented on the historic train ride, carrying passengers between Conway and Myrtle Beach for the first time since the 1950's.

The Horry County Historical Society is branching out as never before, but there is so much more that could be done with your help. Please get involved in making history.

Sincerely,

Sylvia Cox Reddick
