Coastal Anglers Host International Meet

by CHRIS ANTHONY
Special to The Chanticleer

Coastal Carolina College has developed an international reputation as the center of intercollegiate sport fishing. Combining friendly competition with seminars on sport fishing, economics, and the environment, the Tenth Annual Coastal Carolina Invitational, the world’s only intercollegiate fly fishing match and seminar, more than lived up to its reputation.

Student anglers from Western Ontario University, North Carolina State University, University of North Carolina-Wilmington and Francis Marion College recently joined the Coastal Fishing Club in three days of learning and fishing on the South Carolina coast. Springmaid Beach, owned by the Leroy Springs Company, provided the housing for the students, coaches, and press as well as meeting rooms for the free public seminars.

Speakers included George Reiger, conservation editor of Field and Stream Magazine; Tom Potts of the Clemson University Marine Extension Service; Dean Poucher of Beaufort, South Carolina, as well-known author and speaker on sport fishing; and Dr. Richard Moore of Coastal Carolina College, author of Fishes of the Gulf of Mexico. Coastal team’s of Brian Woodward, Rod Cross, and Nancy Owens finished second in the fishing competition to intrastate rival Francis Marion College. Coastal’s team was ‘coached’ by Professor Donald Millus of the Humanities Department, the founder and director of the Invitational.

Two Coastal alumni, veterans of winning teams of the past, Skip Opakio and Bob Akins, assisted during the Invitational. Mitch Godwin of the Conway National Bank was in charge of fundraising.

The collegiate anglers fished for black sea bass on the “Flying Fisher” captained by Bobby Strickland and on Bill Moeller’s “Capt. Bill,” skippered by Tommy Swatzel. The first day’s catch was filleted and donated to the Horry County Shelter Home. The second day’s catch was sold to benefit the Murrells Inlet Rescue Squad.

Major funding for the Coastal Carolina Invitational came from Skyway Golf Club. Other sponsors included Anchor Bank, Myrtle Beach; Better Brands, Inc., Myrtle Beach; Burger King, Wilmington, NC; Burroughs and Collins Company, Conway; C & S National Bank of South Carolina; The Canal Foundation, Conway; The Chaplin Company, Myrtle Beach; Pepsi Cola of Florence; Conway National Bank; Dunes Realty, Garden City; Green’s Beverages, Myrtle Beach; Florence, S.C.; Penn Fishing Tackle Company; Plano Molding Co.; Salt Water Sportsman Magazine; and Shakespeare Fishing Tackle of Columbia, South Carolina.

The 1984 Coastal Carolina Invitational is tentatively set for September 19-21. According to the tournament director, plans include teams from Japan, England, and Norway, in addition to the US and Canadian entries.

Alpha Phi Omega Blood Drive

In Memorial

by JACKIE KILCREASE
Special to The Chanticleer

Devlin Michael Warren, son of Mr. and Mrs. Michael Warren, died not because of disease or old age but because of prematurity. Devlin was four months premature, born August 7, 1983, weighing only one pound six ounces. According to doctors at Presbyterian Hospital in Charlotte, North Carolina, he was not expected to live even one day, yet he survived for five weeks.

Baby Warren was under extensive care and he required approximately one unit of blood everyday, using a total of thirty-five units. What one must understand is that a premature baby does not have the capability of replenishing his own blood; therefore, he must be constantly monitored in order to keep his oxygen level normal. The only accurate way to accomplish this is, every two to four hours a sample of blood is taken from the baby causing a temporary depletion until he receives an available unit.

Your donations of blood will be greatly appreciated by Mr. and Mrs. Warren and the American Red Cross. It will also aid in the future care of all premature babies and other individuals who are in need of supply.

The fall blood drive will be held on Wednesday, November 2, in the Student Center from 10 am to 3 pm.

Student Elections

by ANN SANDERS
News Editor

Student Government elections are being held today in the Student Center from 9:00 am to 3:00 pm. Students also had a chance to vote yesterday. Today, however, is the last day students can vote.

Coastal Carolina students seeking to represent their respective class had eight days in which to register. In order to be eligible for an office, a student must be a full time and academically stable.

Student Activities Day

by BUGS HILL
Features Editor

Student Activities Day is a time when Coastal Carolina’s numerous clubs get together to present their wares and have a general good time. Eighteen of Coastal’s thirty clubs will be represented and information will be available on the remainder. Live entertainment has been planned for the afternoon and everyone is urged to attend.

In years past the Student Activities Day had been held in conjunction with the highly successful Freshman Mixer, but due to some problems they were separated.

Each of the eighteen clubs attending will have a table set up and several representatives to answer any questions one might have.

Student Activities Day is scheduled for Wednesday, Oct. 19 and will run from 12:30 to 2:30. It will be held on the Student Center Patio and there will be a guitarist and singer and plenty of free food.

Temporary Parking Permits

by LINDA FRANKLIN
Staff Writer

At least once during the semester if you drive to school you will drive a friend’s or your parent’s car for one reason or another. If this vehicle does not have a parking decal the guards will give you a ticket. This can be very frustrating and costly, but there is a solution. Not known to a great many, there are temporary parking permits available so you will not be cited. Just drop by the business office and ask for a temporary permit; these will be issued for the day or the week. They are to be displayed in the left rear windshield. When you resume driving your own vehicle you simply discard the permit. According to the business office this permit does not allow you to park in the faculty/staff spaces. These permits are also available for faculty/staff.
Dear Editor,

Coastal's parking situation has been a key issue in the past few years. Indeed, we've had problems of insufficient parking and security. The burden of finding a space was on students who came after the 9 o'clock hour, as they had to park at the Baseball field overflow parking. For arguments sake, we can't compare our campus to any other within the USC system, reasoning being that Coastal is a Commuter College with a parking fee of $10 a year vs. Columbia at $70 a semester. At the present we do not have any on-campus housing, etc... I shall use the facts as presented to me. This is the best semester yet for student parking. I have to disagree with Davis in reference to the letter to the Editor (Oct. 12, 1983). Since Fall '82, the road next to the Student Center and a parking lot at the Science Building have been paved, giving the students we over 100 extra parking spaces. Lights were added for the protection and safety of those who attend evening classes.

The Admissions office reassured me that we did not have a role increase of THOUSANDS of students; however, the contrary, Coastal Carolina College had an approx. decrease in student enrollment of 1% in comparing Fall '83 to Fall '82. Reliable figures (may not be exact) shows that in the Fall '82 we had approx. 2512 students, Fall '83, we have approx. 2470. This reflects a loss of 42 students.

I want to say that we ought to feel fortunate for not having any more problems than what we do have. I'm sure that as Coastal grows we will have problems, this can be expected. The key will result in proper parking. In the mean time you are faced with a problem of, not being able to find a parking space--we do have an overflow parking area...the Baseball field overflow. Feel free to use it.

Harry Rogers
SGA President

May I take this opportunity to welcome all new and continuing students to the college and wish each of you success and happiness in 1983-84. The Chanticleer plays an important role in campus communication regarding student life and interests.

I hope that each of you will support Martha Wilholt and her staff by your loyal readership and placing making contributions through staff membership or letters to the editor as you wish.

You can learn more about The Chanticleer and other student organizations during our annual Activity Day on October 19th, 1-3 pm, Student Center Patio.

Sincerely,
Robert W. Squartriglia

To the Editor,

I would really like to take this opportunity to thank everyone responsible for making the Student Mixer a success. I really appreciate the support shown by students, faculty and staff who attended.

The turnout was great, and everyone has a good time, which was the purpose of the event. I would like to thank Sigma Phi Epsilon for their help with the beer and for their good attitudes. I would also like to thank Alpha Phi Omega for helping with the barbecue, Sigma Tau Delta, Carpe Diem and Phi Simka Tau for checking ID's. And I would like to thank Pat Singleton, nebile Cibrano, Campus Union, Harry Rogers, Kathy Clayton and Bob Squartriglia for all that they did. And to the clean up crew, thank you, too.

Lynde Radcliffe
Vice President, SGA

Counselor's Comments

by CYNTHIA TERRES Ph.D.

Getting started with new courses can often present a dilemma. Your Campus Counseling Service is offering small group sessions to increase your study skills. Two groups are already meeting. Students commit themselves to attend five 1/2 hour sessions to gain an understanding of "How to study." If you are realizing that your study habits need improving - come to the Counseling Office, Second floor of the Student Center and sign up for a Study Skills Training Group.

A new school year can sometimes be overwhelming and concerns can be overstated - please feel free to drop by the Counseling office and make an appointment to talk with me.

Career Crier

ARE YOU LOOKING FOR A JOB? Be sure to check the PLACEMENT BULLETIN BOARD located on the second floor landing of the Student Center! Local businesses specifically seeking to hire Coastal Carolina College students notify the Placement Office who, in turn, post the notices on the bulletin board. So - if you are job searching - be sure to check the Bulletin Board daily. New notices are added frequently.

Student Mixer: A Good Time Had By All

Six hundred students attended The Second Annual Student Mixer sponsored by the Student Government Association which was held Friday, October 7 at the Student Center Patio. Charlie Brown's Disco provided the entertainment for the mixer which was held from 1:00 pm to 5:00 pm.

The tower was donated by the Red Hill Chip Co. of Conway and poles were donated and installed by Santee Cooper. Thursday, ROTC students demonstrated the technique of repelling, including the use of safety terminology such as "on repel", "off repel", and "on delay" and "Off delay."

Sincerely,

CPT. R.LLSS

Who Is The King of Rock and Roll?

In 1976 in a drunken stupor he stood before the gates of Graceland clutching a The Bluecat. Later that year he married and their son was born, named Jerry Lee, Jr. The king had come to stay.

Picking His dress and stature was rebellious. This was the strongest attempt he had ever made. Before the Presley security machine again. To pregnant Jane Mitchum.

Telling him to Prom was their boy. He was separated from his mother in the closet he had been since that summer. The divorce was settled, he married her in his tax. Everyone was saying how shocked he was that day.

It was the closet he had been since that summer. Everyone was saying how shocked he was that day. He grew up fast in the rural south. Picking cotton, dirt farming, Pentecostal Bible school. He told you there's no crying in baseball.

Jerry Lee’s parents then told him of their boy. He was separated from his mother in the closet he had been since that summer. Everyone was saying how shocked he was that day.

And Patti Page. recording studio. In 1955, he set out, with his white guitar and a white suit, to knock on the doors of the world. The blue daisy, he learned to let down his hair.

When he was twelve years earlier, the crown was seared. But it had not always been that way. There were memories and tales. Promises of “Jerry Lee the Living Legend.” Born to the backward life of rural Louisiana, he burst onto the recording session like a firestorm. No Love 4 Tender crash for him. No cuddle like a Teddy Bear. He wanted to show him his “Great Balls of Fire!?” He told you there’s “A Whole Lotta Shakin’ Goin’ On.”

He grew up “poor white trash.” A cotton picking, dirt farming, Pentecostal -Holiness. In church, he learned to let down his hair.

CCC Volleyball Invitational Coming
by TERESA RICHARDSON
Sports Editor

Coastal will be hosting a Volleyball Invitational October 21 and 22. The teams that will be participating in the invitational are Columbia College, Coker College, Concord College, Greensboro College, USC-Aiken, UNC-Wilmington, St. Andrews (Presbyterian), Baptist College, Francis Marion, and Coastal. Coastal will be playing at 9:00, 12:00, 4:30, and 7:30 Friday. Semi-Finals will be held Saturday at 12:00 and Finals at 1:00. Coastal now stands with a record of 3-21. Entering and of course winning this invitational would be a lot easier if our stands can be filled with Coastal fans. All Coastal students are urged to attend and support our team. Admission is free with your Coastal I.D. card.
