GRADUATION

Final verification of student applications for graduation needs to be done by the Registrar's Office. The procedure for May graduates follows:

1. Deans review and approve applications.
2. Deans submit all approved applications to Linda Carmichael, preferably as a group and soon after the deadline to apply.
3. Linda Carmichael verifies that the student has 120 hours and a 2.0 GPR and certifies those students who will graduate with honors.
4. Linda Carmichael gives list of graduates to Glenda Sweet in Academic Affairs for printing of the program.

Other changes include:

1. Applications for graduation will be picked up by the student in the Registrar's Office and not in the Academic Affairs Office.

"THE NIGHT THOREAU SPENT IN JAIL"

"The Night Thoreau Spent in Jail," a play that dramatizes an actual historical incident with striking parallels to our own times, is to be presented by the Coastal Carolina Theatre as the third play of its 1983-84 play season in the Wheelwright Auditorium for three performances on February 24, 25, and 26. Performances scheduled for Friday and Saturday, February 24 and 25 will be at 8:00 p.m. A matinee performance is scheduled at 2:30 p.m. on Sunday, February 26. Tickets are \$4 at the door and the box office is open weekdays from 1:00 p.m. until 5:00 p.m. It is an absorbing play about a man who invented the phrase "march to a different drummer" - and then did it. A vivid drama about the rebel who staged the first and perhaps most famous act of civil disobedience in American history.

FACULTY WELLNESS CLUB – MEETING

1:30 p.m. WB 360

Dr. Tom Cooke and Dr. John Farrelly would like to announce the establishment of a Faculty Wellness Club, a different approach to the development of health and well-being. When a group exercises together using any variety of sporting activities, that greater perseverance and beneficial results emerge. The obvious social benefits of faculty interacting in a sporting environment should do wonders to create an esprit de corps on campus.

The activities being considered for the Faculty Wellness Club include: basketball, volleyball, badminton, tennis, aerobic dancing, weight training, jogging, walking, and golf. Once the initial interest is established and activities selected, those wishing to have more detailed health analysis involving monitoring heart rates, skinfold measurements, and exercise prescription, etc., will be facilitated.

A general meeting of the Faculty Wellness Club will be held Monday, February 13, at 1:30 p.m. in room 360 of the Williams-Brice Building. For further information, please call Dr. Cooke at ext. 149.
