Lassen Appointed Executive Assistant To The Chancellor

Paula Richardson
Staff Writer

Philip R. Lassen, a Coastal Carolina College alumnus, has been appointed by Chancellor Fred Hicks as Executive Assistant to the Chancellor, effective February 13, 1984. According to Chancellor Hicks, "Philip Lassen is an outstanding individual with exceptional abilities. I am delighted to have him as a close associate."

Immediately after graduation from high school Lassen spent 4 months at the University of Alaska in Anchorage. Six years in the U.S. Navy followed this: 3 years active duty in California and 3 years reserve duty in Charleston, S.C.

Lassen's father was in the Air Force, so he isn't really a "native" of anywhere; he has traveled in 13 countries and 50 states.

Lassen began his studies at Coastal in the 1979-80 school year and graduated in 1983 with a B.S. in biology. As an undergraduate he served as 1981-82 Student Government Association vice-president and president in 1982-83. He holds the Rogers Service Award at Coastal and is a member of the Society of the Undersea World (SUW) and the Sierra Club. Since graduation, Lassen has worked as a travel agent at United Parcel Service.

In August, 1982, Mr. Lassen married Kevin Munro of Sumter, S.C., a Coastal student. The couple met at a previous GINO DAY. Since December, the Lassens have lived in Forestbrook. Their household consists of 8 cats, 1 dog, a bird, and an aquarium full of fish.

Mr. Lassen takes pride in Coastal, and he thinks the college has potential. As Executive Assistant to the Chancellor and having had extensive experience in faculty-staff governance and in student government activities at Coastal Lassen hopes to be involved in many of the ideas and projects that were born when he was a student here. He intends to "get the ball rolling" soon.

Mr. Lassen wishes to convey that his door is always open to students whenever they need his assistance. He feels that he understands the problems that today's students face, having been there not so long ago, and is willing to help whenever and however possible.

To Mr. Lassen, Good luck in your future endeavors! We've needed someone like you for a long time!

Study Abroad!

Coastal Carolina College has just become a member of the International Student Exchange Program ISEP. This is a very easy way to complement your education at Coastal with a sophomore or junior year abroad. You pay what you would pay for your tuition, room, and board here, using all financial aid that you are eligible for—but get the benefit of all these things at one of the three to four dozen institutions all over the globe which are ISEP members. You can study at English language institutions abroad, or instance Development Policy at the University of Alberta in Canada. You can study German literature in Germany or fashion design in France, provided you have enough language ability to follow a class. You can take Chinese at the Chinese University of Hong Kong, but you must take Spanish at Coastal first before going to the Universidad de los Andes in Colombia.

Your payment to Coastal will actually be net of a foreign student from an ISEP institution who comes here to study, while you get what someone else provided abroad. There are many ways to arrange your input. Besides using your financial aid, you may offer your home to provide that it is within reasonable commuting distance. If you are a very good student, an International Program travel agent may also be available.

Even if you cannot go abroad this year, you can start planning for the next. Institutions in French, German, and Spanish speaking countries will expect you to have knowledge of the respective language sufficiently so that you can follow their classes. To qualify, you may wish to put some emphasis on foreign language skills in planning your coursework for this coming year.

For details on how to apply, where to go, the transfer of credits, and all other questions, see Dr. Bruno Gujer at AC 103-A.

Spring Arts Festival March 28th-31st

Future comes to Coastal

by Sherri Johnson
Features Editor

Every year, every day, every minute, and every second, our society experiences changes. We can see these changes as the future unfolds before our very eyes. We need to individually ask ourselves, "What am I doing to prepare myself for the future?" Most of us college students would answer this question by saying, "I am going to college to prepare myself for the future." But are we really doing this? Most of us would fail short of the true answer to this question. But Coastal's students may soon answer this question with truth and assurance.

Dr. Fred Hicks has proposed a plan that is concerned with the future of Coastal's students. His proposal requires that all students take a basic course in computer science and a basic course in math before graduating. He urges the faculty and the board to consider his proposal.

Because of the future of the Computer Age, Dr. Hicks believes the courses will help the students to function more effectively. "Without a basic knowledge of math and computer science, a student cannot function positively and effectively as an intelligent adult," says Hicks.

With this in mind, the faculty, the board, and especially Coastal's students should be in favor of such an important proposal because of its positive prospects.
Sometimes I wish that I could explain to other students what I've been through over the past few years. The use of marijuana and harsh narcotics have scarred me for life. I can only hope that in the future students will avoid what I refer to as "the highway to hell." Maybe the knowledge of my past will enable students to avoid the use of drugs entirely.

My involvement with drugs started when I was fifteen years old, and only because someone said, "try some, you'll love it." After all, marijuana is not that strong a drug. It doesn't even compare to the use of pills. Though many people had previously told me that one thing leads to another, like any other naive teenager, I thought this could never happen to me. But the daily routine of getting up to school and to work, fighting, stealing, Quaaludes, Valiums, I fell into a groove in just a matter of days. I didn't even feel bad about myself, but actually I was mad at myself. After six months I stopped doing drugs and finally started making progress. I learned to like myself and feel security in reality. I owe a lot to my psychiatrist. There's no way I could ever repay her for the devotion I received.

Drug abuse affected my in many ways. Before using drugs, I was a straight 'A' student. Now, I have to work three times as hard to be average in school. When I read something, I always have to go back and reread it in order to comprehend the meaning. As a result of drug abuse, I still hallucinate and it scares me to death. But by far, the worst thing is my loss of memory. Three years of my life is a total blank. What did I do? Where did I go? Only God can answer those questions.

Today I feel very good about myself, but like a smoker craving for cigarettes, I know I could easily go back to that first drug. I owe my life to many people and there's no way I could ever begin to repay them. I know I'm not the only student at Coastal Carolina that's been through drug addition, and I don't want your pity. I just hope that other students can learn through my mistakes. Please, when someone says, "Try it, you'll love it," say: "Hell no." Always remember, one thing leads to another.

AWARDS of free printing for ALL accepted manuscripts in our popular, hark/romely bound and copyrighted anthology, AMERICAN COLLEGIATE POETS.

**Deadline:** March 31

**CONTEST RULES AND RESTRICTIONS:**

1. Any student is eligible to submit his or her verse.
2. All entries must be original and unpublished.
3. All entries must be typed, double-spaced, on one side of the page only. Each poem must be on a separate sheet and must bear, in the upper left-hand corner, the NAME and ADDRESS of the student as well as the COLLEGE attended. Put name and address on envelope also!
4. There are no restrictions on form or theme. Length of poems up to fourteen lines. Each poem must have a separate title. (Avoid "Untitled"!) Small black and white illustrations welcome.
5. The judges' decision will be final. No info by phone!
6. Entrants should keep a copy of all entries as they cannot be returned. Prize winners and all authors awarded free publication will be notified immediately after deadline. I.P. will retain first publication rights for accepted poems. Foreign language poems welcome.
7. There is an initial one dollar registration fee for the first entry and a fee of fifty cents for each additional poem. It is requested to submit no more than ten poems per entrant.
8. All entries must be postmarked not later than the above deadline and fees paid, cash, check or money order, to:

**Film **

**Talent Search**

The story follows 18-year-old Marine recruit, Private Joker, from his carnage-and-machoism initiation rites at the Marine Corp Parris Island training camp, where his drill instructor brags about the marksmanship of ex-marines Lee Harvey Oswald and Charles Whitman, to his climactic involvement in the heavy offensive. Anyone interested in doing an audition video tape for a part in this film should follow the instructions below.

**HOW TO DO AN AUDITION VIDEO TAPE**

1. Use a 1/2 inch VHS or Sony BETAMAX home video recorder and camera set-up.
2. If the VHS recorder runs at two speeds use the faster of the two speeds.
3. Wear a T-Shirt and Pants.
4. Start the video recording with about a 3 minute acting scene. Do any scene you think appropriate and with which you feel comfortable.
5. Next, do about a minute or so telling something about yourself and your interests.
6. Next, hold up a piece of paper on which you have clearly printed your name, address, phone number, age, and date of birth. While you are doing this say the same information out loud.
7. Last of all, do a close-up and a full length of yourself on the video, from a front view and a left and right profile.
8. Stick a label onto the cassette with your name, address, telephone number, and age clearly printed on it. Unfortunately, we cannot return any of the video tapes.

**What Do You Want From College?**

Management Training? Add It To Your Schedule.

You're career oriented. You're interested in management.
You're an individual seeking experience in problem analysis, requiring decision-making results. You want management training and leadership experience. Experience that will be an asset in a management career — or any career you may choose.

If you are this individual, you can get all of this experience through the adventure of Army ROTC.

**Dr. Barnett: A Professor Plus**

Paula Richardson

Staff Writer

Dr. Terry Barnett, a Biochemist by training, is an Associate Professor of Chemistry here at Coastal. Dr. Barnett received his Bachelor's Degree, Master's Degree, and spent 6 years in the Army and 5 years instructing in military schools as an officer. He taught at the Army Chemical Center and School and at Fort Bliss, here, he served as a part of the committee that taught basic trainees. This is where he learned to speak (very loudly) as well as he does.

After military service he returned to New Mexico State University to earn his Masters and Ph. D. (His work in Biochemistry courses and labs -- taking a special interest in Biochemistry. According to Dr. Barnett, he enjoys teaching -- period!

The most rewarding part of his profession, says Dr. Barnett, is "seeing students that have gone on come back to say that it meant something to them." Dr. Barnett doesn't like to see anyone fail -- he does everything he can to prevent this. "I don't give Fs" students earn Fs." He is always available to students who need help; all they have to do is ask.

Dr. Barnett chose to come to Coastal because he felt that this school wanted instructors who wanted to really teach the students and who were also interested in them.

Dr. Barnett has certainly shown how interested he is and how much he likes working with students. He is the advisor to South Carolina Student Legislature at Coastal. (He became involved in SCSSL after instructing a SCSL-sponsored workshop on parliamentary procedure.) He is Chief Advisor to Alpha Phi Omega, a service fraternity; he has been involved with APO since February, 1983. Dr. Barnett will be traveling to Florida as faculty advisor with the Society of the Undersea World, on a scuba diving trip, during spring break.

Soccer is also an interest of Dr. Barnett's. He is the Conway Area Coordinator for the Grand Stride Soccer League. He has coached for 5 years (youth league), and both of his sons, Jeffrey and Jason, play. Dr. Barnett hopes that since Coastal's soccer program will be reinstated next fall, the college will get some local talent in the future because of the training that the youth are now receiving.

Playing bridge is a favorite pastime of Dr. Barnett's. He represented New Mexico State University in 3 intercollegiate bridge tournaments. He also enjoys bird watching and golfing.

The Barnett family is actively involved in St. Philip's Lutheran Church. Myrtle Beach. Both he and his wife, Cheryl, are active in the choir. His wife is also in the handbell choir. Dr. Barnett is on Church Council, is Chairman of the Social Ministry Committee, is on the Worship and Music Committee, and is a lay reader. Both children are active in Youth Group. Jeffrey is to be confirmed this year; Jason's confirmation will be in 2 years. Jason is in the Junior Choir. Both Jason and Jeffrey are working on 3½ years of perfect Sunday School attendance.

For Dr. Barnett, an active and vivacious individual, there are not enough hours in the day! His is a professor plus!
Career Crier

- Bankers Trust, Myrtle Beach, 4-6 full time teller positions for the summer. Begin training in April, full time hours begin in May. If interested contact the Career Planning and Placement Office 206-G Student Center.
- Permanent Sales Clerk, Cromers P-Nuts, 4170 S. Kings Hwy., Myrtle Beach. Will wait on customers and prepare orders. Must be friendly, work well with tourists. Salary is $3.50 per hour, with increase to $3.75 per hour after 60 days. Will work approximately 25 hours a week on a 4-day-in and 4-day-off-shift. Morning (8:00-2:45) or evening (2:15-6:30) hours available. Contact John Betha, 325-7069. Available immediately.
- Sales of computer handwriting analysis, Gay Dolphin Gift Cove. Must be talkative, able to draw crowds, and sell. Salary is on commission. Hours are negotiable. Available May 15. Contact Dayna El Deeb, basement level, Gay Dolphin, Ocean Blvd., Myrtle Beach.
- Church Pianist for Sunday mornings and evenings, and Wednesday evenings. Contact Rev. or Mrs. Falks, 238-1492. Available immediately.
- Spring Cleaners, Dixie Motel, Myrtle Beach. May develop into a part time summer job in motel office. Hours and salary are negotiable. Contact Ronna or Fred Hanold, 448-7371. Available in March.
- Furniture movers, Resort Designs. Must be able to lift and move furniture. Salary is $3.75 per hour. Begins March 1 and will last 4-5 months. Contact Lona Cobb at Resort Design 448-3162.
- Memorial Sales Survey, Hillcrest Cemetery, Conway. Will take door to door survey with leads furnished. Must have own transportation. Will pay per positive lead. Afternoon hours. Contact Steve Golfinch, 347-4909 or 293-4898. Available immediately.

Up Close And Personal

by Ann Sanders

As I walked into the office of the Career Planning and Placement office, I said my new deadline and the story which I was to have by the 23rd my heart skipped a beat, they wanted a story on Dr. Terres. I couldn't help but laugh to myself, I couldn't have asked for any better assignment.

As my thoughts raced to the questions to ask, the information I needed, I couldn't help but think back to my first day in college and walking into Dr. Cynthia Terres 101 psychology class. Her first profound thought set course for that class, "Labels are for jelly-jars not for people." At last, I thought, a challenge! Upon arriving for this interview I was greeted with the usual Cynthia Terres smile and a bag of cheeto's. She said to help myself, I did and the interview began.

"I don't possibly know what you could want to know about me," she said. "You could probably write this article from what you already know," she added with a grin.

Getting Dr. Terres to talk is easy, yet finding out about the woman herself is not quite so easy. Turning to the woman, the personal side of a very professional lady, I found myself overwhelmed.

"Describe myself? Well, I would say that I am very achievement oriented," Terres said solemnly. "I have always enjoyed school, reading and knowledge. There is much to learn in this world and I want to learn it all. I try to learn one new thing a day."

A gentle woman with a very strong religious belief, Dr. Terres feels that the greatest influences in her life have come from her family. "My parents were my role model and she had a 25 year career in business and then at age 40 got married and had a baby at 43. It was just an amazing thing with marriage," Terres said. "I always heard it was for grown-up's and I don't think I'm there yet! I have not ruled out marriage or a family, yet I'm not unhappy single."

Turning to her views on teaching and counseling a smile crosses Dr. Terres' face, "I'm really only employed to counsel part-time," she said lightly. "Yet there is a real need that goes beyond that. There is a need at this school as there is at all other schools. I work with students who have addictions, with others on stress management, personal relationships, problems at school and at home."

Terres added as you listen to this North Carolina native speak it becomes all so obvious that her understanding goes far beyond the normal teacher/student relationship. "Admitting to yourself that you need help is not negative but positive," Terres said, "just talking about things can help. I want the students to realize that help is here and that it's free. They don't have to go looking for outside help - it's here!" The phone suddenly rings and our conversation, which had just begun, is suddenly cut-short. Duties call. I depart, returning a now empty bag that was once full of cheeto's. Dr. Terres laughs and we say our good-bye's.

As I walk away, I feel good about Coastal Carolina and the Psychology Department. They both have a winner in Dr. Cynthia Terres and that means all the students are the real winners!

APO's Spring Fling III

Alpha Phi Omega will be sponsoring their Spring Fling III Studebakers benefit on Tuesday, March 13th. This year's theme is "And the Beat Goes On," with all proceeds going to the American Heart Association.

General Excellence Awards

The Student Affairs Committee has contacted all senior students considered to be eligible for the 1984 General Excellence Award. To be eligible, a student must be a senior, intending to graduate in May, June or July 1984 and have a cumulative GPA of 3.5 or above.

Graduate Program

There is a $2 admission fee and 50 cents draft while it lasts. There will also be prize drawings throughout the evening, it is open to the general public so COME OUT AND PARTY WITH US! Tickets are available from any APO member.

The deadline for response to this mailing is March 12, 1984 in the office of the Dean of Student Development, SC 306. Students who believe they are eligible and who have not received a mailing should immediately contact the office of the Dean of Student Development for details.

certification renewal. Many teachers in Horry County are coming to Coastal to obtain their Master's Degree in Education, because of the college's location and the wide variety of courses the program offers. There is a Singleton Fellowship Scholarship offered to any Horry County Educator, teacher, or teacher's aid. For more information concerning the graduate program or the scholarship, please contact the Assistant Chancellor of Academic Affairs, Sally Hare. She is located on the second floor of the Academic Building in room 216.
Coastal Picks Athletes of The Month

Seniors Mark D’Antoni and Sherry Vereen have been tabbed Coastal Carolina College’s Athletes of the Month for their efforts on the basketball court in January.

D’Antoni, a 5-11 guard from Mullins, West Virginia stepped into the starring role at the start of the season and has guided the Chanticleer offense from the point guard position. During January D’Antoni averaged 4.3 points per game while shooting an excellent 58 percent from the field. D’Antoni also dished out a team high 28 assists (.3 per game) in that period. His best game of the month came in a 82-56 win over Morris where he scored 12 points (4 of 5 from the field, 4 of 6 from the line) had seven assists, three steals and collected 8 rebounds.

Vereen is a 5-8 guard from North Myrtle Beach, S.C. and is the lone returning starter from last year’s team. Vereen averaged 14.8 points per game during January along with five rebounds per game in 11 contests. Vereen handed out 20 assists and had 15 steals during the month. Her best game came in a loss to Wofford on January 9 when she scored 22 points and gathered 10 rebounds.

Coastal Basketball Intramural Style

By Mark D’Antoni

Intramural basketball at Coastal Carolina College is in full swing. After the first two games, there are still two undefeated teams. The Hoosiers have posted a 2-0 record in division I, and Treachery 5 did likewise in division II.

The Hoosiers are a very exciting, high scoring team. This was evident in their 95-78 thrashing of the Flash. Wayne Davis is one of the Hoosier’s main scoring threats. Wayne’s 28 points against the Flash is the second highest individual scoring performance. It ranks right below the Flash’s Bob Bruce’s 29 points.

The intramural basketball program consists of ten teams with five teams in each of the division. Seven games have already been played with six games to go. You can watch all the action at Coastal’s Kimbel Gymnasium every Monday, Wednesday and Friday starting at 1:30 pm.

Golf Team Fifth

With sophomore Gregg Funderburk leading the way, Coastal Carolina’s golf team managed a third place finish in the 18 team Hilton Head Intercollegiate Tournament on Feb. 17-19 in Hilton Head, S.C. on March 2-3.

Funderburk finished third in the individual competition with a day three total of 208. Dillard Pruitt of Clemson (211) and John Inman (217) of North Carolina were the only players with better scores.

Tennis Coach Resigns

Dr. Marshall E. Parker, Men’s Tennis Coach at Coastal Carolina College, announced his resignation today. The resignation will be effective at the end of the present tennis season. He will continue teaching in the fields of Education and Recreation at Coastal Carolina.

Parker’s teams have represented the district in the National NAIA Tournament in Columbia, S.C. for three of his six years, and have placed in the top three in the district for each year. At the national level the tennis team has been ranked in the top twenty in the nation for four of the last six years. Parker’s teams have won 91 matches while losing 38.

The Coastal Carolina Men’s Tennis Program now has a winning tradition. In the last six years (since Parker has been coaching), they have had a winning season each year while playing the teams in the district along with several NCAA teams, including Clemson, Carolina, Furman, and the Citadel.

Dr. Longball is Back as Coastal Opens Season

At Home with N-C· Wesleyan

Dr. Longball has resumed practice with Coastal Carolina’s baseball team. Last season Assistant Basketball coach, Dennis Casey coined the phrase as referring to the Chanticleer bats at a rate of 1.8 per game, with 109 home runs in the 46-12-1 season.

However, this year “Dr. Longball” offensive machine lost 11 seniors plus two title, seven of them going into professional baseball. The home run punch was supposedly gone with the second round pick Mickey Brantley’s 1999 tunes going to the Milwaukee Brewers and John Figoski’s school record 22 homers going to the Cardinals, sixth pick Gary Trembley’s 8 going to the Red Sox and Oklahoma Frank Talotta’s 14 joining the Dodgers.

Add leadoff hitter Ricky Grice’s 9, gone to graduation, and it adds up to 72 longballs missing from the Coastal offense.

But the “Dr. Longball” fans morale was boosted in Coastal’s first pre-season scrimmage this year at Methodist College where the “Doctor” made his regular rounds in the Coastal batting order.

Methodist coach, Tom Austin complimented the Coastal barrage, calling it “the most awesome display of power I’ve ever seen by a college baseball team. Coach Larry Carr, “The Hit man,” quipped “The kid who hit the scoreboard is back in tonight’s line-up.”

“The pitching staff may be wild right now, but the talent is deep there,” Carr said. “The varsity staff will be selected on the ball-strike ratio. Those who hit are a little hit with a strike compared to the splitter pitch. This will continue to have an active interest in future tennis teams and in the overall athletic program at Coastal Carolina College."

Men’s Tennis Team Opens With Win Over FMC

After an 8-1 dismantling of Francis Marion in their first match of the season, Coastal Carolina’s tennis team is prepping for a big match versus Limestone.

Coastal will host Limestone Friday February 24 in what could be the season showdown in the NAIA’s District Six. Limestone upset powerful Lander College last week. Lander had been ranked second in the nation.

“The guys played great, we got behind in number five single and number three doubles, but pulled it out,” said Coastal coach Marshall Parker.

Doubles:
1 and 3 beat FMC 1 and 2 7-5 6-3
2 and 4 beat FMC 4 and 5 6-2 6-3
5 and 6 beat FMC 6 and Jaimie Todd 4-6 6-0

No. 1 Rob Benneyworth lost to Jim Dempsey (FMC) 3-6 6-7 7-5
No. 2 Tommy Goldman beat Alan Powell (FMC) 6-2 6-3
No. 3 Richard Hughes beat Bob Roycroft (FMC) 6-2 6-0
No. 4 Luiz Penna beat Eric Hoge (FMC) 6-0 6-2
No. 5 Aleks Papamichael beat Tim Nichols (FMC) 6-7 6-2 6-2
No. 6 Sujit Fernando beat Chris Leonard (FMC) 6-4 6-2
Nominations For Distinguished Teacher Award for 1984

Kay Chance Chairperson to Committee

Distinguished Teacher for 1984

This year we tried something new, ballotling in the classes. It was an attempt to obtain more participation from more students in the selection of the recipient of this award.

The result of the ballotling is as follows: 90 classes were given ballots...52 classes participated. 2400 is the approximate enrollment for our campus....943 students voted...38%.

Out of 116 faculty...93 were voted for at least once.

Departmental Breakdown:

- Humanities: 25
- Social & Behavioral: 18
- Business: 16
- Science: 12
- Math: 6
- Physical Education: 7
- Education: 6
- ROTC: 1

Golf Schedule

- Jan. 26-30
  - Hall of Fame Classic - Tampa, FL

- Feb. 17-19
  - Hilton Head Island Learning Center Intercollegiate - Hilton Head Island, SC

- Mar. 3-5
  - Fripp Island Intercollegiate - Fripp Island, SC

The English laboratory will be sponsoring mini-workshops this semester. The workshops are designed to provide instructional assistance in areas where many students demonstrate weaknesses. All workshops are scheduled on Wednesday at 1:30 p.m. in KL 235. Students and faculty are encouraged to attend. Those interested should sign up in the English Lab, KL 235, one week prior to each workshop.

Feb. 29 - "Reading for Understanding," Conducted by Prof. Zoe Ann Cerney.

Mar. 7 - "Editing: The A Grade," Conducted by Prof. Linda Schwartz.

Mar. 21 - "Documentation: Fomatting," Conducted by Prof. Veronica Davis

Scholarships Available

For the 1983-84 academic year, Coastal Carolina College of the University of South Carolina awarded 66 academic scholarships totaling $47,400. The following scholarships are available to students attending Coastal Carolina College. Applications may be obtained from the Office of College Advancement in the EMS Building for most of these scholarships.

Edward E. Euchler Memorial Scholarship Fund
This scholarship is awarded to a student enrolled at USC Coastal Carolina College this year and to be paid back before the end of the student's senior year. The student must maintain a 3.0 GPR and the awards are made by the committee.

John D. Gilland III Scholarship Loan Fund
This fund was established to give reception assistance to students attending Coastal Carolina College. The student must maintain a 3.0 GPR and the awards are made by the committee.

Abraham F. Isaac Memorial Scholarship Fund
This scholarship is awarded to a freshman entering the Business Administration area. Special preference is given to students from the City of Georgetown or Georgetown area. The Dean of the School of Business Administration is chairman of this fund.

William A. and L. Maud Kimbel Scholarship Fund
This scholarship is awarded to any student enrolled at USC Coastal Carolina College showing need and merit. The recipient must maintain a 3.0 GPR and the awards are made by the committee.

Kleber Scholarship Fund
The purpose of this fund is to encourage maximum talent in the fine arts by making financial assistance available to outstanding students in the following fields: painting, music, sculpture, and creative writing. Awards are made by semester.

Russell L. Moore Scholarship Fund
The purpose of this fund is to promote academic excellence among students at Coastal Carolina College in the fields of biology by providing financial assistance, recognition, and reward.

Nelson Scholarship Fund
Awards are made to students on a semester basis to those in the area of marine science and the arts. Special preference is given to students of Myrtle Beach and recipients must maintain a 3.0 GPR.

D. L. Bourry Scholarship Fund
This fund was created for students attending Coastal who need financial help in order to obtain an education. Awards are made by semester.

Bill Smith Mathematics Award
This scholarship is awarded to a freshman math student from the Socastee High School. This award is for one academic year only.

Pepsi-Cola Bottling Company of Conway Scholarship
Preference is given to Pepsi-Cola employees and their children from Horry and Marion Counties and the Lake View area of the Grand Strand area to the Winah Bay area for this scholarship. Recipients are required to maintain a 3.0 GPR.

Neil Graham Scholarship
This scholarship is awarded to a student attending Coastal from Horry County based upon merit and need. This award may be renewed upon maintaining a 3.0 GPR.

Grand Strand Auxiliary Nursing Scholarship
Criteria for this scholarship include being enrolled in the School of Nursing at Coastal, carry 12 semester hours, have a GPR of 3.0, and submit proof of inability to qualify for any other financial aid at Coastal. These applicants should apply in the Office of the Dean of the School of Nursing.

Springs Bachelor of Arts Scholarship
This scholarship was created to provide financial assistance to outstanding students enrolled in a Bachelor of Arts Degree Program at Coastal. Awards are made for the academic year and students must maintain a 3.0 GPR.

Springs Bachelor of Science Scholarship
This scholarship was created to provide financial assistance to outstanding students enrolled in a Bachelor of Science Degree Program at Coastal. Awards are made for the academic year and students must maintain a 3.0 GPR.

Sands Investment Scholarship
This scholarship gives special preference to employees and their dependents of Sands Investment. A 3.0 GPR is required and awards are made for the academic year.

Ocean View Memorial Scholarship
This scholarship requires that all recipients be from the Grand Strand. Students must fill out a OVMF scholarship application form and submit three letters of recommendations and an IRS form to the scholarship committee of OVMF. Recipients must maintain a 3.0 GPR and submit a grade report to the committee to renew their scholarship.

Horry County Higher Education Commission
This scholarship is awarded to a top ranking high school senior from each of the Horry County high schools. A 3.0 GPR must be maintained for this scholarship.

To obtain a scholarship application from the Office of College Advancement in the EMS Building at Coastal Carolina College, applications are required with the completed application form by April 1, 1984.

Parking Lot To Be Closed
The parking lot near the William-Brice Gymnasium will be closed as of March 15. The closure is due to the groundbreaking for the new gym addition. The school apologizes for the inconvenience. New parking will be available March 1.

Rudy Mancke Here
Rudy Mancke, curator of natural history for the S.C. State Museum, will be the featured speaker at the Thursday, March 1 meeting of the Waccamaw Audubon Society. Mancke, well-known in the Carolinas for his SC-ETV program "Naturescene," will give a slide presentation and talk on the natural history of South Carolina. The meeting will be at 7:30 pm in Room 205 of the Student Center Building. Students and the general public are invited to attend.

For more information about Waccamaw Audubon, the local chapter of the National Audubon Society, contact Mary Bull, Library.

Tennis Tourney
Myrtle Beach will be the site of the 1983 Southern Professional Tennis Association's Workshop/Convention to be held at the Myrtle Beach Sheraton Inn.

Guest speakers will include some of the top names in the tennis teaching industry and business field and will include a number of social and workshop type activities.

Ed Cerney, Associate Professor of Marketing, at the Coastal Carolina College, will be a guest speaker on Friday, February 10 from 11:00 - 12:00. He will be discussing the topic of "Marketing of a Tennis Pro". Mr. Cerney has been a guest speaker in various sales motivation, goal setting seminars and has been recently selected for the Visiting Professor Program of the American Advertising Association.

Those interested in attending, please contact convention coordinator, Ralph Tessier, at the Myrtle Beach Racquet Club at 449-4031.

Angelou to Speak
Don't Forget
Maya Angelou will be appearing tonight in Wheelwright Auditorium. Her presentation will begin at 8:00 p.m. Admission is free.

Advisor's Clinic
On Wednesday, March 26, 1984, advice from USC-Columbia will be on campus to meet with students who are interested in transferring from Coastal to Columbia or with anyone wanting information about the main campus. This advice is of particular interest to students in the following areas: Criminal Justice, Engineering, Journalism, Four-Year Nursing, Pharmacy, and Computer Science.

Appointments are necessary and are being scheduled in the Office of Academic Affairs, EMS 113. The appointment deadline is 5:00 pm March 26.

Research Clinic
Do you have a term paper due this semester? Do you have a class assignment that involves library research? If so, Kimbel Library has special help for you with its "Research Clinics." Students who want individualized assistance in conducting library research sign up for 30-minute appointments March 12-16 or March 19-23. A librarian will meet with you to show you how to find the information you need to write your paper or complete your assignment. Each appointment will be geared to the individual needs of the student. Sign up in the Library's Reference Office at least three days in advance.
