Last Monday, Oct. 16, more than 180 Coastal education students traveled to seven different schools in Georgetown and Marion counties for a new event called "Freshman Field Experience Immersion Day." Students in the early childhood, elementary education and physical education teacher introduction classes at CCU participated. They had an entire day in real classrooms, from development classes for three-year-olds up through high school. The event gave the students an idea of what "A Day in the Life of a Teacher" is like, according to **Stephanie Toney**, director of field placement for the Spadoni College of Education. The event will be scheduled each semester.

New officers for the Edwards College Student Advisory Council for 2006-2007 are:
