## CERTIFICATE PROGRAM IN COMPUTER SCIENCES

A certificate program in computer science is being offered at USC-Coastal Carolina College this fall to meet the needs of business personnel, educators, students, teachers and others interested in hands-on computer instruction. Twelve semester hours are earned to be eligible to receive the certificate. Registration begins today. To complete the course sequence in one calendar year, BASIC programming may be taken this fall. It is offered from 9:15 a.m. to noon on Saturdays, beginning September 8 and ending December 15. For more information, contact the Office of Graduate Studies and Continuing Education.

## RESEARCH AND PRODUCTIVE SCHOLARSHIP

The University of South Carolina Office of Sponsored Programs and Research is offering a Research and Productive Scholarship for permanent faculty members of all USC campuses.

The reviewing committee will observe the following criteria when judging applications:

\*Grant proposals are expected to range between \$300 to \$3,000 and the committee will attempt to fund as many proposals as possible.

\*Faculty from the two- and four-year campuses are encouraged to submit proposals.

\*Prior attempts by the applicant to secure outside funding will not prejudice the proposal under consideration.

\*Major thrust of funding will be directed toward development of new scholarship.

\*Grants will not be made to faculty who have active R&PS grants.

\*Funding for summer salary is not possible because of funding limitations.

\*Funding will be for one year, to begin as requested.

Guidelines and proposal forms may be obtained from the Office of Sponsored Programs and Research by calling Arlene McWhorter at ext. 7-7093. The deadline is 5 p.m. Monday, October 15.

## HISTORY OF SOUTH CAROLINA

A course in South Carolina history will be taught this fall by Dr. Charles Joyner at USC-Coastal Carolina College. The course, which will apply to graduate and undergraduate credit, will be offered from 6 p.m. to 8:40 p.m. on Tuesdays.

Registration for History 861 will begin today. For information, contact the Office of Graduate Studies and Continuing Education.

#### FACULTY/STAFF ANNOUNCEMENTS

- A) Officer Barbara McMillan has joined the Security Staff as an assistant to Sgt. Philip Okunzzi. Before joining the college, she worked with Coastal Security Co., an area firm.
- B) The management newsletter for higher education, Administrator, includes excerpts from Dr. Roy Talbert's recent article on computer mythology, which was published in the July edition of Cause/Effect. Referring to Talbert's "provocative analysis of the computer as cultured symbol," the newsletter used quotes from his article.
- C) Dr. Richard Dame recently had a paper published in the international journal Estuarine, Coastal and Shelf Science. The paper, entitled The Influence of Environmental Factors on the Flux of Floating Macrodetritus, describes how season of the year, tidal height, and wind direction govern the amount of dead marsh grass export from North Inlet near Georgetown. The journal is available in the Coastal Carolina College library.

#### SUZUKI-APPROACH TO VIOLIN LESSONS

The Suzuki-method of teaching violin is being offered at Coastal Carolina College for 18 weeks this fall. Private and group lessons are available. Augusta McInvaill will be the instructor. Class times will be arranged once parents of students meet with the instructor. The course is offered through the Office of Graduate Studies and Continuing Education.

#### CROSS COUNTRY TEAM

The first-ever Coastal Carolina College varsity male cross country team will meet at 3 p.m. Wednesday, September 5 in Room 354 in the gym. Ed Cerny is coach.

#### PHONE SYSTEM

AT&T will have the new phone system installed and operating for monitoring by Monday, September 17. The switch-over will be complete by September 24.

#### BOOKSTORE HELP NEEDED

Any faculty or staff spouses interested in part-time work in Coastal's bookstore during registration may call Jimmy Soles at ext. 118.
