COASTAL CAROLINA COLLEGE

## ENROLLMENT JUMPS 11.1 PERCENT

Fall enrollment at USC Coastal Carolina jumped to 11.1 percent this fall, bringing the total number of undergraduate students at the college to 2,923.

Enrollment at the college last fall was 2,631, according to statistics from the Registrar's Office.

The nine-campus USC System grew 2.6 percent over fall 1984, with 34,882 students compared to 34,004 in 1984.

Coastal Carolina credited its enrollment increase to the college's new academic programs and an expanded faculty; more emphasis on student recruitment; more visibility of the college in the region and the state; and the growing population in the area.
