COASTAL GRADS EARN HIGHEST PASS RATE ON STATE CPA EXAM

Data released by the State Board of Accountancy on the results of the November 1985 Certified Public Accounting Exam shows that among undergraduate degree participants who were taking the exam for the first time, Coastal Carolina College had the highest pass rate of all colleges represented.

The state board presents statistics on baccalaureate degree graduates from schools that have five or more graduates taking the exam. Schools represented in the November cycle, in addition to Coastal, were USC-Columbia, Clemson, Furman, Winthrop, College of Charleston, Bob Jones University, and USC Spartanburg.

The CPA exam includes sections on auditing, law, theory, and practice. Among students who were taking the exam for the first time, 67% of the Coastal Carolina graduates passed all four parts. No other school in the state had a pass rate in excess of 30%

The CPA exam is given twice each year. Students receive a separate grade on each portion of the exam. A grade of 75% is required in order

to pass. Those sections of the exam that are not passed on the first attempt may be repeated at a later date.

EDMONDS PHOTOS ON COVER OF DIRECTORY

The beautiful color photographs on the cover of the new Grand Strand/Horry County telephone directory are those of Coastal Carolina College photographer Bill Edmonds. GTE Public Relations Director Bob Williams wanted to depict a variety of scenes and activities in the county and approached the college for help. Bill provided some of his most scenic shots of the campus and the Grand Strand. GTE also included two full pages of information about Coastal in the new directory. We are grateful for their interest and support of the college.
