The Office of Continuing Education is holding a one-day seminar, Partners in Progress, Thursday, April 23 at the Landmark in Myrtle Beach.

ODK OPEN FORUM ADDRESSES CAMPUS ISSUES

Does the College's student alcohol policy violate First Amendment guarantees? Should Coastal go dry? Is this an issue of morality or liability? These and other concerns relating to the student alcohol policy will be aired at the second annual ODK Student/Faculty Open Forum to be held Wednesday, April 15, 11:30 a.m. - 1:30 p.m. at the walkway in front of Kimbel Library. In case of rain the debate will move to the Student Center overflow area.

Rod Gragg, of Palmetto Public Relations, will serve as moderator. The panelists are Terry Barnett, associate professor of chemistry; Deborah Codella, senior, marine science; Charles Parrish, senior, theology; Connie Vermont, junior, political science; Randall Wells, associate professor of English; and Steve West, assistant professor of mathematics.

The Forum provides an opportunity for open discussion and debate of topics of current interest to the campus community. All students, faculty, and administrators are invited to attend. Audience participation in the discussion will be strongly encouraged.

Coastal Carolina Circle of Omicron Delta Kappa, chartered in 1980, is a local chapter of the national student/faculty leadership honor society. The ODK forum is intended to serve one of the society's purposes: to bring together members of the faculty and student body on a basis of mutual interest and understanding.
