A Note To Faculty

Coastal's Scholarship Committee request faculty to announce to their classes the Coastal student scholarship deadline is February 1, 1989. Applications must be received in the scholarship office, by this date to be considered for a scholarship.

Scholarship awards are based on academic achievement, financial need, residency, activities and various other criteria depending on the particular scholarship, therefore, all students should be encouraged to submit an application.

Funds to support the scholarship program come from individuals, organizations, and companies who have elected to invest in academic excellence at Coastal. Often, individual donors are persons who have themselves succeeded in the Coastal service area and want to insure that others have the same opportunity. Organizations and companies seek to insure the regional advantages of excellent students at Coastal. Joining private scholarship donors are the taxpayers of Horry County who, through the

Horry County Higher Education Commission, have dedicated funds for students who are residents of Horry County.

Scholarship donors have established more than 300 scholarships available to students enrolled or planning to enroll at Coastal. Each scholarship offers up to a full-tuition award to one or more students for a variable period between one semester and five years.

For more information or to pick up an application, contact Margaret Ammons, ext. 2012, in the Chancellor's Suite, E. M. Singleton Building.
