## Chancellor Announces Seminar Series On Future of Coastal For Faculty And Staff

Upon the request of the Long Range Planning Committee, my office has begun the process of setting up seminars to help faculty and administrators understand the potential future role of Coastal Carolina College. We have the first two programs planned on February 28th and March 7th and are putting the finishing touches on a program for March 13th. Other tentative dates for the programs are March 28th, April 4th, April 11th and April 17th. The seminars will be held in the Little Theater of the Fine Arts Building from 3 to 5 p.m., with the exception of the March 13th seminar which will be held from 2:30 to 4:30 p.m.

The program format will be asking our guests to talk a little bit about what they do and how the college has been involved in the past and to talk about how they see Coastal Carolina in the future of this region. Hopefully, it will be an interactive type of program where there is a great deal of informality and a lot of questions and answers. Our goal is to help all of us understand what the community expects of us and then use this information to help formulate how we can be helpful in the future development of this region.

Our first program will be members of our Foundation and the local Commission on Higher Education. I hope all of you plan to attend as well as many of your colleagues as possible.

The second program, on March 7th, will be a representative community group. They are part of an organization called the ALPHA Group which has been meeting for over a year talking about the future of the Grand Strand region. I think you will find it to be very informative. We will have a member from the Grand Strand Water and Sewer Authority there and a few local business leaders, including Gil Thelen, editor of the Sun News.

The program on March 13th, which is being formalized, will have members of the legislative delegation, county council and representatives from various municipalities. We hope to have good participation.

I look forward to seeing you at these programs and, hopefully, within the next week we will have the rest of them planned.

Chancellor Ron Eaglin

## Washington Ballet To Perform At Coastal

The Washington Ballet, described by critics as one of the country's finest professional ballet companies, will perform at Coastal Tuesday, March 7 at 8 p.m. in Wheelwright Auditorium.

Founded in 1976, by Mary Day, artistic director, the Washington Ballet presents a blend of the classic and contemporary ballets of Petipa, Balanchine, Nebraska, and the late Choo San Goh, the company's past associate artistic director who has been acclaimed by critics around the world. Tours throughout the U.S. include regular performances in Memphis and Charlottesville, as well as Baltimore, the ballet's "second home."

Since the early 1960s, The Washington Ballet has delighted Washingtonians and visitors to the nation's capital with its holiday performances of "The Nutcracker." Its 1986 tour of Japan and Malaysia, 1985 tour of China and Singapore, 1984 tours of South America and the Far East, and previous international tours have further enhanced the artistic reputation of the Washington Ballet.

In just ten years, The Washington Ballet has earned a reputation as one of the country's finest professional ballet companies. Its dancers have won numerous awards in international ballet competitions including a bronze medal at the 1983 Varna Ballet Competition, and the gold medal

in the 1981 Moscow Ballet Competition.

Artistic Director Mary Day has received numerous awards that include a 1987 award from WGMS Radio for her generosity in the promotion of the arts; the 1985 Mayor's Arts Award for her contribution to the performing arts in the nation's capital; the 1980 "Washingtonian of the Year" from *Washington* magazine; the 1980 Metropolitan Dance Association Award; the 1981 WETA (public television) "Woman of Achievement"; and the 1983 YWCA "Woman of the Year."

Tickets for the performance are \$14. For more information and to make reservations, contact the Wheelwright box office, ext. 2502.

## School Of Business Reaches Out

Coastal's School of Business Administration has combined forces with the local office of the Small Business Administration to make a presentation to members of the Georgetown County Chamber of Commerce on the topic "Expanding a Small Business: Problems and Solutions." J. Dale Molander, dean of the School of Business, indicates this seminar was made possible by a grant from the International Paper Company and was one of an increasing number of activities being undertaken by Coastal in its efforts to be of greater assistance to the local business community.

At the February 16 meeting, Jack Shutter, manager of the local Small Business Development Office located on Coastal's campus, discussed the kinds of problems encountered by small businesses as they seek to expand their operation and outlined the types of resources available to assist them in the planning and implementation of their expansions.

Dr. Peter Barr, associate professor in the School of Business Administration and director of the Center for Economic Development, discussed the philosophy behind the establishment of the new center, the types of projects undertaken to date and the ways that the center could be of assistance to individual entrepreneurs in initiating or expanding their small businesses.

Based upon the questions and interest shown by the people in attendance, Molander says, it is reasonable to assume that both the center and the small business development telephones will be ringing frequently now that the Georgetown merchants have become aware of the availability of these valuable resources.

Monday, February 27  
7 p.m. - Student Center, room 205

Learn about various state and federal grants, work-study employment, college loans, and other forms of assistance that are available to help you pay for your college education. ### Straight Talk About Undergraduate Admissions

Monday, March 20  
7 p.m. - Student Center, room 205

If you have been accepted, but need more information about your admission category, this session will be helpful.

### Straight Talk About Adult Enrollment

Wednesday, March 29  
7 p.m. - Fine Arts Little Theater

Adults who are thinking about starting or returning to college will find this session helpful. Representatives from the Office of Admission and the Continuing and Graduate Education Department will provide information about entrance requirements for undergraduate and graduate programs; continuing education seminars, workshops, and community education courses; the Third Quarter program for retirement-age people; and advice about what to expect when returning to the classroom after a number of years. Older students who are attending Coastal will discuss their personal experiences of returning to school.

For more information about the Straight Talks series,

contact the Office of Admission, ext. 2026. Registration is not required; however, because of space limitations, it would be helpful to know if you plan to attend.

## Counseling Services To Present Program About Date Rape

The issue of date rape on college campuses will be presented through the film, "It Still Hurts," followed by a discussion of prevention strategies Monday, March 6, at 12:30 p.m. in SC-204. All students, faculty and staff are invited to attend the program.

Nationally, sexual assault is a significant problem on college campuses. In a recent survey of over 6,000 students from 32 colleges, one out of every six female students reported being a victim of rape or attempted rape, and one out of every fifteen males reported committing rape or attempting to commit rape during the preceding year. Of the rapes on campuses, over 90% were by assailants the victim knew, and only 10% of the date rape victims reported the assaults.

For more information, contact Dr. Joe Mazurkiewicz, counseling services, ext. 2305.
