Junior Scholars Marine Science Program Held At Coastal

Thirty-two of South Carolina's top ninth grade students recently participated in the second annual Junior Scholars Program in Marine Science at Coastal. The program is open to the top three percent of ninth grade students in the state, determined by students' scores on the PSAT, a preliminary test to the SAT.

The program involved the exploration of marine science and how understanding the marine processes in the area is critical to the utilization and preservation of the area environments. Students studied biological, geological, chemical, and physical science principles.

According to Dr. Paul Gayes, director of the Center for Marine and Wetland Studies at Coastal and coordinator of the program, the students gained valuable information on all areas of marine science which will be beneficial in their future roles in college and careers.

"Marine science studies a complex system," said Gayes. "We were able to give these students exposure and hands-on experience of all areas of the field. Regardless of what any of these students choose to pursue careerwise in the future, what they learned through this program will be beneficial. Political, social and economic concerns can be impacted by processes studied in marine science."

Michael Clark, a junior marine science major at Coastal, served as a counselor in the program. He says that students were really excited about learning and had fun at the same time.

"They asked very good questions," said Clark. "They were interested in learning and getting out there and actually doing things. The students did not have to read out of texts. They learned through participation."

Michael Pearson, a senior marine science major at Coastal, and counselor for the program, says he was able to learn along with the students.

"I have considered teaching in marine science in the future, and this program gave me the opportunity to work with students in the same age group that I would like to teach," he said.

Pearson said students enjoyed discovering their unique interests through the program.

"Each student had a specific thing he or she liked more than something else, and would really get into it," he said. "Some students really went for beach profiling, while others got into other areas. Two students in the program really did not participate fully until they got to wavelength measuring - that was their interest."

Many of the students believe they were lucky to have participated in the program and can carry the experience with them into the future.

William Joseph Cunningham of Myrtle Beach, a student in the program, says the staff at Coastal was competent in the information they presented, and he will never forget what he learned.

"I learned a lot about everything in marine science," said Cunningham. "I was really lucky to be in the program, and I will use the information in the future because I am interested in science."

Cunningham also said he was one of 22 students who became a certified scuba diver during the two-week period.

Kathleen De Goeyse of Conway says that she is not sure she wants to pursue a science-related career, but the experience she gained in the program will be a great resource in any other field she chooses.

"Everything I learned and the way it was presented was so interesting," said De Goeyse. "I especially enjoyed learning about beach erosion, animals and salt marshes. I think that learning about so many different areas was good, and I might be interested in these topics later because of it."

Coastal staff and students who participated in the program were Dr. Paul Gayes, director of the Center for Marine and Wetland Studies; Dr. Chris Marsh, assistant professor of marine science and biology; Amy Nelson, instructor of marine science; Dr. Tricia Reeves, assistant professor of physics; and Agatha O'Brien, a graduate student at Webster University. Sarah Wilson of Pawley's Island and Coastal students Michael Pearson and Michael Clark were counselors.

The student participants were Adam Bianchi of Blythewood; David Bird and Sharon King of Spartanburg; Lisa Buckley of Lexington; Kathleen Carignan and Paul C. Mercer of Greer; Jennifer L. Cobb of Woodruff; Cayce Cole of Williamston; William Joseph Cunningham of Myrtle Beach; Kathleen De Goeyse and Sean R. Hardwick of Conway; Laurel Catherine Sybil Denman and Dorothy Lynn Fuller of Laurens; Eric M. Walton of Darlington; Michael

Ferlauto and David Gregg of Greenville; Julie Gray and J. Cutter Montgomery of Anderson; Joseph Clark Greene, III of Greenwood; Anthony Bryan Hall of Cayce; Markas Hall of Florence; Joshua M. Hubbard and J. Christopher Lane of Columbia; David A. Wentworth of Clemson; Michael Caroll Lane of Marion; Ashley W.S. Marshall of Lancaster; Brian Mayberry and William T. Posey of Taylors; Kathleen M. McDaniel of Little Rock; Christi Ann Porter of Rock Hill; Jocelyn Rish of Summerville; and Adam White of Orangeburg.

King Named Manager/ Consultant Of The Small Business Development Center At Coastal

Patrick King, formerly from the Small Business Administration in Columbia, SC, has been named manager/consultant of the Small Business Development Center at Coastal.

The Small Business Development Center provides assistance to owners of small businesses or those considering starting a business. Help is available in assembling a business plan, examining available markets, preparing to apply for a loan, as well as other aspects of business ownership.

King hopes to make the office more visible on campus and in the community by conducting seminars and continuing the office's affiliation with the internship program to enable students to have business experience outside the classroom.

The Small Business Development Center is located in Annex-116 on campus. For more information, contact ext. 2169.

Kimbel Library Closed Saturday, August 12

Kimbel Library will be closed on Saturday, August 12. This is an amendment to the previously published schedule of summer hours for Kimbel Library.

For more information, contact Kimbel Library, ext. 2402.

Academic Affairs Office Relocates

Academic Affairs have completed their relocation to EMS-206. All campus mail should be directed accordingly.

Physical Education Center Fees For Faculty And Staff

Full-time faculty and staff, including their spouse and dependent children 21 years of age or younger, may use the Physical Education Center facilities for a fee of \$50 per year.

Rental fees for lockers and equipment are not included in the yearly fee. Rental fees are as follows:

Lockers - \$25 per year, or \$10 per semester
Bikes - \$1
Racquets - \$1
Basketballs, racquetballs, and daily lockers - \$.50
Towels - \$.25

All faculty, staff, students and members are required to pay rental fees for use of equipment. There are no exceptions to this policy.

For more information, contact the Physical Education Center, ext. 2802.

College Service Tuition Awards Applications Available

College service tuition awards applications for the fall 1989 and spring 1990 academic year are now available in the scholarship office. College service tuition awards are available to students participating in selected campus activities; students demonstrating academic excellence; minority students; and students who are dependents of persons in full-time college service.

The deadline for applications is **July 31, 1989.**

For more information and applications, contact Margaret Ammons in the scholarship office, ext. 2012.

Coastal Carolina People

o **Ed Cerny**, director of the MBA and internship programs, had an article entitled, "Helping Your 'Employees' Market Themselves," published in the *Business & Economic Review*, of the University of South Carolina College of Business Administration, July, August, September, 1989 edition.

Cerny also had an article entitled, "Learn To Market Yourself or How To Get the Job You Really Want" published in *Pee Dee Magazine*, July, 1989 edition.

o Vickie Gardner, coordinator of the Alcohol and Drug Program, attended a workshop at the New Jersey School of Alcohol and Drug Studies, Rutgers, NJ, July 16-21, 1989. The Rutgers Center of Alcohol Studies is internationally known as a leader in research on alcohol, in education and training, and in publication and documentation of alcohol literature. Specialized courses in the workshop were on Sexuality and Chemical Dependence and the Pathophysiology of Additions.

o Cenita Gerald, assistant director of admissions, and Sharon Jones, admissions counselor, were selected for participation in the Hampton Experience workshop, sponsored by the National Association of College Admission Counselors. The annual workshop, designed to help facilitate the upward mobility of admission counselors, assistant counselors and associate directors of admission, focused on developmental issues, recruitment, and retention strategies.

Classifieds:

For Sale: Ladies 10-speed bicycle. Excellent condition. \$60. For more information, call ext. 2003, or call 248-2509.

For Sale: 1987 Jeep Cherokee Laredo. Five-speed, 6.0 cylinder engine, AM/FM stereo with four speakers, 4-wheel drive, many extras. Excellent condition. For more information, contact Art Wendelkin, ext. 2178, or 249-9727 after 6 p.m.

For Rent: Townhouse located in Myrtle Beach. Nine to 12 month lease, available August 21. For more information, contact Beth Haynes, ext. 2648, or call 448-5848.

For Sale: Kaypro 16 portable computer. 640K memory, two 360K floppy drives. \$800. For more information, contact Kathy Patrick, ext. 2327, or call 651-7926.

Campus Calendar

Monday, July 31:

Blue Jay's Baseball, Blue Jays vs. Gastonia Rangers, 7:30 p.m., home.

Tuesday, August 1:

Blue Jay's Baseball, Blue Jays vs. Gastonia Rangers, 7:30 p.m., home.

Wednesday, August 2:

Alcoholics Anonymous Closed Meeting, 6 p.m., SC-205.

Blue Jay's Baseball, Blue Jays vs. Gastonia Rangers, 7:30 p.m., home.

Thursday, August 3:

Estate Planning Seminar, 7 to 9:30 p.m., GCEC.

Horry County Higher Education Commission Meeting, 5 p.m., EMS Conference.

HCHCEC Chairman's Meeting, 4 p.m., EMS Conference.

Blue Jay's Baseball, Blue Jays vs. Gastonia Rangers, 7:30 p.m., home.

Friday, August 4:

Blue Jay's Baseball, Blue Jays vs. Gastonia Rangers, 7:30 p.m., home.

Sunday, August 6:

Sunday Chapel, 10:30 a.m., SC-205.

Tuesday, August 8:

Writer's Group Meeting, 7:30 p.m., SC-201.

Coastal Educational Foundation, Inc. Quarterly Meeting, 12:30 p.m., EMS Conference.

Wednesday, August 9:

Alcoholics Anonymous Closed Meeting, 6 p.m., SC-205.

Thursday, August 10:

Last day of classes - Summer II.

Friday, August 11:

Final Exams - Summer II.

Saturday, August 12:

USC Summer Commencement, 10:30 a.m., Columbia campus.

Residence Halls close.

Sunday, August 13:

Sunday Chapel, 10:30 a.m., SC-205.
