CCU SOFTBALL HITS THE ROAD

KIM SHERAYKO

Coastal Carolina Softball hit the road for the Florida State Tournament over the Feb. 13 weekend. 

CCU began play that Friday with a 9-3 victory over Mercer. The ladies' second game on Friday ended in an 8-3 loss to North Dakota State. 

Play continued on Saturday when Coastal faced two teams from Florida. First, Coastal knocked off Florida A&M with a 3-0 victory. Coastal then dropped their second game of the day in a 6-1 loss to host Florida State. 

The Chants finished the tournament Sunday with a 4-2 win in their rematch with North Dakota State. 

"We are pleased going home 5-2," DeVito said. "I don't think we played as well as we could have," said head coach Kelley Green in a press release. "But it's a game that we have now to pick up wins when we aren't playing our best." 

After weekend play was over, Coastal Carolina's Keryn Hayden was awarded Big South Conference Choice Hotels' Softball Player of the Week. Hayden batted .392 over the weekend, with three home runs and six RBIs. 

Kimberly Quattlebaum was named The Crown Brand Pitcher of the Week after posting a perfect 5-0 record during tournament play. 

Coastal returns the Chanticleer Challenge Feb. 24 with a 6-3 record.

CHANCEY SAYS: BE WELL

LEAH BARCELONA

Wellness Week is a tradition at Coastal Carolina that gives students an opportunity to incorporate healthy and smart choices into their daily routines. One event during the week is the Wellness Fair that took place on Prince Lawn on Feb. 22. 

The fair was equipped with free healthy snacks, eating disorder screenings, games and live music from a WCCU Radio Live Remote. 

There were stations set up to make your own trail mix and learn how to make healthy smoothies as well. It gave students options on ways to make eating healthy fun. 

Some of the games included Cross Hole, Twister, Bounce the Fruit, Sker Ball and Mini Golf. Where you played the games, you received tickets that were redeemable for food and custom Wellness Fair T-shirts. 

"The T-shirts are definitely my favorite part," said Melissa DeVito, a junior Health Promotion major. "It's so cute how you can write your own sayings on the back of them." 

DeVito was at the event to teach Zumba Fitness with the rest of the Zumba instructors. They showed that working out can be fun as well as effective.

IN-STATE TUITION STAYS SAME FOR 2012-2013 YEAR

CHAD YATES

In a Board of Trustees meeting on Friday, Feb. 17, Coastal Carolina University decided to not increase in-state tuition for the 2012-2013 academic year. Along with that decision, it was decided that in-state students would be awarded a $50 credit on their tuition for the upcoming year. At about this time last year, it was decided that in-state tuition would increase by $220, so tuition remaining the same for the upcoming year is a bright spot for CCU. Currently, in-state tuition is at $9,750 per year. 

According to President DeCenzo, the credits on in-state tuition was made possible because "we cut $4 million from the university's operating expenses during the past two years." 

While the $50 credit may not seem like much, with in-state students totaling 92 percent of CCU's 9,084 undergraduate students, the credit will aid in keeping in-state students a total of $286,184 for the 2012-2013 year. 

"Personally, I won't benefit since I'm graduating, but I think it's nice because everyone likes to save money," said senior Communication major Kar McGowan. But what about the other 48 percent of undergraduate students at CCU? 

According to Administrative Director of Finance and Administration, Justin Dabon, the board of directors "will vote to not raise tuition in the future." 

During the meeting, the board also decided to keep the housing and meal plan pricing the same, which currently ranges from $7,050 to $8,550 per year, depending on your plan. 

Also noteworthy was the approval of a motion to begin negotiations with Horry County Schools for the lease of a site on campus that will house the Scholar Academy, an accelerated learning program for high school students on CCU's campus. Currently, the administrative building is situated in Bayley Hall.

**MEET THE STAFF**

**ZACH DERTITS**

You have heard a few of your professors talking about it or maybe you have seen a sign or a flyer advertising it but do you actually know what the QEP is? This year the Southern Association of Schools and Colleges (SACS) will be grading Coastal on its new academic Quality Enhancement Plan (QEP). The QEP is supposed to change the way students learn as well as their experiences in the classroom.

Members of SACS will be on campus from March 6 to March 8. During their stay they will be pulling random students and faculty aside to quiz them on their knowledge of the QEP. If not enough students know what it is, it could be a lot of work for Coastal. This is why the architects of the QEP want you to be ready to release the most important questions and answers everyone should know about the QEP. These are the questions you will need to be prepared for this coming spring:

Q. What is a QEP?

*A, A University-wide program to improve student learning.*

The QEP is an academic plan to enhance the experience of higher education and make Coastal students "career ready," according to Michael Ruse, director of the QEP.

"We want to enhance the amount of student learning by taking what is taught in the classroom and doing it in the real world," said Ruse. "It's learning by doing."

Q. What is our QEP?

An Experienced Coastal's focus is hands-on Experiential Learning.

Experiential learning will consist of programs that will allow students to apply what they have learned in a classroom to a real-world situation. Taking classes like these will allow students to build a general idea of what their future career field may actually be like.

Q. What does it achieve?

It improves my ability to apply classroom learning to life beyond CCU.

By taking students out of the classroom and putting them in the world of the kind of problem solving situations allows them to build upon a certain set of skills that they will be able to use in a career after Coastal. Coastal's education is changing because the world is changing. Very few people leave college and start a career they stick with. "It will give you a leg up. Once you develop these skills students will be able to participate in numerous careers," said Ruse. "The days of having one career are fast disappearing."

Q. How does the QEP work?

A plan, act and reflect on my experiential learning.

At the start of next semester, students taking the UN110 class will be introduced to this new process that teachers in Coastal have to use. This program can work for them and how it will help them organize their planning for their educational career. This class is co-joined as Plan, Act, Reflect.

The Planning stages consist of taking the knowledge obtained in the UN110 classes and deciding what career path they would like to take. The QEP task is to design a unique plan that can be used to that end. Online during registration, classes that follow the QEP guidelines will have a "Q" next to the section number, identifying the class as an experiential learning section. Reflection is taken back into the classrooms where students evaluate their feelings towards the experience. What did I learn? Is it useful? Is there something I can see myself doing the rest of my life?

That is one of the true beauties of the QEP. It allows students to get a feel for what a career in their field of study will actually be like once they are out of college. It is not uncommon for students to graduate with a degree in something they later realize they no longer have any interest in pursuing.

"It's just an important to learn what you don't want to do as to know what you do want to," said Ruse.

Feb. 29 through March 2 will be dedicated to preparation for the upcoming semesters as the last minute revisions to the upcoming changes. To encourage the students to get involved, free sunglasses and 1GB USB drives will be awarded to those who come in the first few questions, as well as keep an eye out for QEP representatives on Princess Raven, Hike Hall, The Commons and CNO.

CLOSE YOUR EYES AND PICTURE PARADISE

REMEMBER WERKSMAN

For years, hypnosis has been viewed as a smoke and mirror show. Nowadays, things have changed and people can freely change. One CCU Counselor, Sean Pierce, is working to help students through hypnosis techniques. According to Pierce, hypnosis is a natural state of mind and a way of greater recovery. A seven-year veteran of Counseling Services, Pierce has traveled to Dallas, Texas, to train in the area of hypnosis. A licensed hypnotist for a little over a year, Pierce has worked with students suffering from low self-esteem, insomnia, poor study habits and chain-smokers.

"You are hypnotized every day. It's something you need to open to," said Pierce, while sitting in his office with a picture of smiling faces and water falling from a man in the background.

Pierce said he has made his office more of a place of comfort so all can feel comfortable going in. He explained what he does can be done in maybe a session or two, as most don't want to spend years in therapy. For free counseling services and hypnosis session, call 843-953-5010 and make an appointment on Mon. through Fri. from 9 a.m. to 3 p.m.

A DAY WITHOUT SHOES

A look at the Tom's Campus Club

COURTNEY MOSER

On Coastal Carolina's campus, there are more clubs and organizations growing every day. One of these clubs is for fun, some are to help your career after you graduate, and other clubs aim to make a difference in the community or world. One of the newest clubs to join SGA's campus, Tom's Campus Club, is a club that is here to make a difference.

"I have held any positions within Alpha Xi Delta. I am currently Membership Vice President. Have you learned anything about leadership? I have learned that you realize your potential and what you can do when you become a leader. You set an example for everyone around you and you have a huge responsibility in making sure that everything goes according to plan.

What is your favorite part about Greek Life? The time I spent with my sisters and the interaction between all the Greeks. Whether it is a social or a friendly competition at Greek Week or Homecoming.

MEET THE GREEK

CARLO GORAS

Junior

Crossmanan Major

Alpha Xi Delta

Where are you from? Wilmington, Delaware

What are your commitments outside of your sorority? I was a member of CCU Women's Soccer team my freshman and sophomore year.

I have been part of WCCU Radio and I am the Photo Editor for The Chanticleer.

CORRECTION FROM THE LAST ISSUE

In last week's newspaper, Volume 50, Issue 17, the first answer to Alex Rutherford's SGA Presidential candidates interview was cut off. The answer should read, "Because I have been very involved on campus. I have been in SGA for two years and on the executive board for two semesters as the SGA Parliamentarian, which is the person who knows the procedure of running a meeting and how to pass legislation. I have also been involved in many leadership opportunities. I am a member of Pi Kappa Phi where I have served as the chairman for Relax for Life. My leadership opportunities have helped me grow as a leader and learn how to organize events."

"There was also a mistake in the Meet the Greek section. Question two should read "Fraternity" instead of "sorority" and "Gamma Phi Beta" should read "Pi Kappa Phi."

A SERVANT OF TWO MASTERS

KRISTA GIERLACH

The audience was left standing at the end of every night due to the hilarious performance of A Servant of Two Masters, the Coastal Carolina Theater Department's most recent production. It opened on Thursday Feb. 16, in CUC's Edward "Blackbox" Theatre.

The play consists of a comedic, convoluted plot about a servant, Arlecchino played by senior BFA Musical Theatre major Matthew McCoy. Arlecchino's animated personality mixed with his mischievous desires is responsible for his idea to be two different master's servants.

The plot thickens as audience members become aware that one of his masters, Beatrice, played by Junior BFA Acting major Haley Chapel, has traveled to Venice dressed in disguise as her dead brother, Fedelio, in search of her lover, the man who killed her brother, Florindo, played by sophomore BFA Acting major Daniel Wilt. Florindo is ironically Arlecchino's other master. In addition, Beatrice has come to collect money from Pantalone's servant Columbina, sophomore BFA Musical Theatre major Jackie Irving. Ultimately, Arlecchino is caught in his own scheme and Beatrice reveals herself, only to conclude that love causes people to do crazy things.

"I thought the show was amazing, it was beyond hilarious and I'm sure anyone who sees it would say the same thing," said freshman Psychology major Malvory Hudson after seeing the production.

Guest director Joe Diefenbacher, a physical theatre professional, directed Servant of Two Masters. Not only is he the director and lead instructor for the Clown Conservatory at the Circua Center in San Francisco, he has taught and directed in Spain and Ireland as well.

In addition, he has created six solo shows and co-founded two physical comedy troupes. Diefenbacher has brought this comedy to life in a unique adaptation of his own, based off of Carlo Goldoni.

"This is the first time that I know of that A Servant of Two Masters has been played in the round," Diefenbacher said. "It has created all sorts of staging and design problems, but has led to some imaginative solutions by the designers and the cast."

Through all the scenery and deception, the audience was left unthunderously laughing at the dilemmas Arlecchino must face. Throughout his journeys, Arlecchino falls in love with Pantalone's servant Colombina, sophomore BFA Musical Theatre major Jackie Irving. Ultimately, Arlecchino is caught in his own scheme and Beatrice reveals herself, only to conclude that love causes people to do crazy things.

"I thought the show was amazing, it was beyond hilarious and I'm sure anyone who sees it would say the same thing," said freshman Psychology major Malvory Hudson after seeing the production.

ILLUSSIONS ON MAIN STREET’’ BRINGS GLAMOROUS, LEGENDARY LADIES BACK

PRESS RELEASE

The stage of Theatre of the Republic will be straining under the sheer weight of celebrity star power, as “Illusions on Main Street with a Twist,” brings back the lovely ladies of the famed Jewel Box Revue.

Tracing its origins back to 1940s San Francisco, the Jewel Box Revue offers some of the best female illusionists in the business. Now preparing for their fifth season at The Pavilion Casino Resort to Canyonville, Oregon, the troupe brings to life some of the greatest female stars from stage and screen. Legends such as Judy Garland, Patty Duke and Barbara Streisand, and today’s bright young things including Lady Gaga and Adele, are all a part of the evening’s magical star lineup.

Performances are Friday, March 2, and Saturday, March 3, at 7 p.m., and Sunday, March 4, at 3 p.m. Tickets are $18 in advance and $20 at the door. For fastest service and most up-to-date available seating, customers are urged to go to www.theatreforthepeople.com. You may also call the TOR’s office at 843-488-0828; the office is open Monday-Friday, 10 a.m. to 6 p.m.

Where else can you see so many stars in two hours!” says veteran illusionist and performer Coli Collins. “The show has so many different genres; there is something and someone for everybody!”

Collins, a resident of Raleigh, N.C., transforms into stars such as Reba McIntyre, with whom he toured as her double for two years. “That’s the highest honor for what we do to be recognized by the celebrities we imitate.” His fellow cast members include Dennis Russell (and the evening’s host), of Cleveland; Ohio; James Hopeland, of Los Angeles; and Ted Briggswell, of Charlottesville, West Virginia. All with backgrounds in theatre, the Jewel Box Revue ladies deliver a show not to be missed — or easily imitated. And, of course, don’t forget about the “twist” to the show that is too good to reveal, and too exciting to be missed! Just a hint: it involves someone with great hair who has most recently performed to great acclaim in Atlantic City.

“This show will take some people down Memory Lane, where they can meet some of their favorite stars again. We have a lot of comedy; we’ll make you laugh... and cry,” says Collins. “Plus, there will be surprises all along the way. Ladies can be unpredictably!”

Hidden Talent at Coastal

ALEXX ALTMAN

“I would say that we are influenced by reggae and rock and roll,” said Devlin, a Music major. “It’s hard to pin down our actual style.”

Below the Baseline’s past performances include playing in venues such as The Music Farm, The House of Blues and other areas around Myrtle Beach.

Junior Music major Charles Grace has an acoustic set known as Sleeping Policeman.

Past experience includes playing with National Act as well as long time acquaintance Tynee Welsh. Various publications around the Grand Strand such as The Sun News, Weekly Surge, and ListenUp Myrtle Beach rave about Grace’s style of music.

“I would describe my music as blues and folk rock, a mix between The Black Keys and The Avett Brothers, and Mumford and Sons,” said Grace.

Sleeping Policeman will be performing for a free show at Fresh Brewed Coffee House March 13 at 6 p.m.

Ryan Shaver, a Middle Level Education major, plays guitar in The Britik of Sanity. The band originates from Fisheye Island, NC with four members.

The Britik of Sanity describes itself as hard core apocalyptic technical metal.”

“We are starting to find our niche in the deathcore genre of metal,” said Shaver.

The band is currently on hiatus and bringing in a new singer, but will have upcoming shows at The Sound Hole in downtown Myrtle Beach.

Soon the band will take part in battle of the bands with the well-known local band Prowler.

Glass bottles and jars thrown out every month are enough to fill up a giant skyscraper.

Recycling a single run of the Sunday New York Times would save 75,000 trees.

On average, it costs $30 per ton to recycle trash, $50 to send it to the landfill, and $65 to $75 to incinerate it.

We use over 80,000,000,000 aluminum soda cans every year. WCU Radio Update

The shows are back! All of last semester’s on-campus shows are on the air again. Make sure to tune in and listen to your favorite shows.

WCU Radio is excited to announce the new shows premiering on-air this week! The new shows are advice, music and comedy. Listen out for new station posters with the dates and times for all of our on-air shows. As the end of the school year approaches, all of the management staff is looking for those who have an interest in becoming the new managers of WCU Radio. If you have a passion for radio and would like to take part in an amazing opportunity, contact the station’s advisor, Ms. Patricia O’Connor at poconom@coastal.edu to set up an interview.

WCU Radio will host another benefit concert sometime in the spring! Express your interest now in what local artists you would like to see on our Facebook page. Like us at WCU Radio! If you are having trouble listening to the station online, it is available on iTunes Radio, then College Radio, search “Coastal Carolina.” There is also an app available on Android and iPhone, “ Tune In” and search “Coastal Carolina.” Listen live every hour of everyday to WCU Radio!

Upcoming Off-campus events

Hael Rock Rising Battle of the Bands: Wed., Feb. 29 from 8 p.m. to 11 p.m. Hard Rock Café Myrtle Beach free.

BORN TO RUN

SHANE NORRIS

Two weekends ago, I volunteered at the 15th annual Myrtle Beach Marathon and it was a pretty inspiring thing to see. For those of you who aren't up to par on running, a full marathon is 26.2 miles long. For some perspective, if you go out to 501 from campus and drive straight all the way to the ocean AND BACK, that's still only 22.6 miles. So we're talking about a lot of running. I mean, the average finish time for this year's race was 4:26:57... that's four and a half hours... of running. So, logistics of the race out of the way, I'm a track athlete, so I'm used to seeing running feats.

I'm a huge advocate of keeping an active lifestyle and a fit body. I'm a track guy... I watch videos of my sport all the time... I get excited when meets make it on ESPN. All that being said, I walked away from the marathon truly inspired.

CU's XC teams, the Men's Soccer team and I were at the water station at mile 20, which is about where most people hit the proverbial wall, meaning they start to run out of juice both physically and mentally. It was here that I watched everyone from the new record holder of a race come flying away from campus and drive straight all the way to the ocean AND BACK. 

It was here, after watching everyone pass, that I got to thinking. I'm a huge advocate of keeping an active lifestyle and a fit body, I'm a track guy... I watch videos of my sport all the time... I get excited when meets make it on ESPN. All that being said, I walked away from the marathon truly inspired.

To most, the outlook on the matter is shifting. I ate college less than three months from now, my track career is ending, and mentally, it was here that I watched everyone pass. I'm at the water station at mile 20, which is about where most people hit the proverbial wall, meaning they start to run out of juice both physically and mentally.

TRIVIA

1. What's a water moccasin often called, due to the white inside its mouth?
   - Albert Einstein

2. What country saw a world record 315 million voters turn out for elections on May 30, 1991?
   - Mexico

3. What national holiday in Mexico has picnickers munching chocolate coffins and sugar skulls?
   - The Chanticleer

4. What F-word is defined in physics as a "nuclear reaction in which nuclei combine to form more massive nuclei?"
   - Fusion

5. What nation's military attached dynamite packs to Dobermans before sending them into Palestinian guerrilla hideouts?
   - Israel

QUOTES

"Two things are infinite: the universe and human stupidity; and I'm not sure about the universe."  
- Albert Einstein

"Be the change you wish to see in the world."  
- Mahatma Gandhi

"Don't walk behind me; I may not lead. Don't walk in front of me; I may not follow. Walk beside me and be my friend."  
- Abraham Lincoln

CRIME LOG

2/15/12  
Verbal Altercation  
CCU DPS office responded to the Hicks Dining hall in reference to a complaint of an altercation. The subjects were gone upon the arrival of the officers and could not be identified by witnesses. This incident is administratively closed.

2/16/12  
Altered prescription  
A CCU DPS officer received information in reference to an altered prescription at Walmart. The officer interviewed the complainant. The complainant described the incident for the officer. The subject has not yet been interviewed. This incident is under investigation.

2/17/12  
Unlawful electronic communication  
The victim came to the CCU DPS office to make a complaint of a harassing telephone call. The victim described the content and circumstances of the call for the officers. Other University officials were also apprised of the incident. The subject was not identified.

2/19/12  
Vandalism  
A CCU DPS officer responded to the CINO Grille in reference to a complaint of vandalism. The officers interviewed the complainant who described the circumstances of the incident. The victim was able to observe the damage. A video review will be conducted for additional evidence. This incident is under investigation.

2/19/12  
Failure to pay for services, possession of false ID  
While on patrol a CCU DPS officer was approached by a cab driver. The driver reported that he had dropped off four subjects and had not been paid for the service. The subjects were located and made restitution. No charges were made. While investigating this incident, it was determined that one subject was in possession of a false ID. The subject was issued a citation and the ID was seized.

EMAIL QUESTIONS, LETTERS TO THE EDITOR, AND CORRECTIONS TO:  
CHANTICLEERNOW@GMAIL.COM
WHAT'S THE WORD?

COURTNEY MOSER

Each week the Chanticleer asks our readers a random question.

We asked CCC students...

With midterm exams coming up, what study techniques work the best for you?

"When a professor gives us study guides, I make sure I do those because the test usually comes straight from it."

-Jackie Davis, Sophomore
Business Management

"If I cram in the material the night before."

-La Brita, Sophomore
Business Management

"I can only study with flash cards. It helps me remember better."

-Morgan Swarens, Sophomore
English

CHAUNCEY'S CINEMA

The editors weigh in on upcoming movies

Dr. Seuss’ The Lorax (Mar. 2)

In this movie, which follows the classic Dr. Seuss book, a young boy searches for the one thing that will win over the woman of his dreams. On his journey, though, he crosses paths with the Lorax, an intricate creature that protects his world. Voices in the animated film include Zac Efron, Taylor Swift and Danny DeVito.

Project X (Mar. 2)

The creators of the popular The Hangover films are back in this film, which shows the story of an outrageous high school party. These high school seniors get more than they bargained for though, as it turns out to be something that no one could have expected. If puppets on moon bounces and cars being driven into pools is what you want to see, you won’t want to miss Project X.

Being Flynn (Mar. 2)

Based on this best selling memoir, Robert DeNiro stars as Jonathan, an estranged man whose path to self-destruction forces him to become homeless. His life on the streets eventually leads him to the homeless shelter where his son works. This film is sure to be very dramatic and full of real-life emotion.

TEAL TUNES

PROFESSOR PROFILE

SHANE NORRIS
Anthony Audino
Lecturer
Biology Department

Favorites:

Book – Right now I’d have to say my anatomy/physiology textbook. Never was a reader unless you count golf magazines.

Band – Too many Sinatra, Van, Sammich, Cusbon, Morel, Plato, Hendrix, Zeppelin

Food – Indian, really any

Quote – “As you walk down the fairway of life you must smell the roses, for you only get to play one round.”

- Les Hogan

When you are not teaching what are you doing?

Spending time with my wife and 2 dogs or playing golf, just started a workout regimen which I hope to stick to.

What is your greatest accomplishment?

Someone once said “If you are not talking about what you did yesterday, you probably didn’t do very much today.” Couldn’t say.

Who is your hero and why?

There are no heroes. But those I admire are people who are helpful toward, and concerned about others.

Words of wisdom for students:

School is not the big picture, it is only a little piece in the puzzle of your life. Use the opportunity to meet people and expose yourself to as many different ideas as you can. That is what an education is.

WE WANT YOU!

We are currently seeking as many contributing writers as possible. We encourage any prospective writers to attend our weekly meetings on Mondays at 6:00 p.m. in the Lib Jackson Center room 206. The Chanticleer is a great way for prospective writers to acquire published material and gain valuable experience for possible internships and job opportunities.

Many ideas can be submitted to The Chanticleer via email at chanticlernews@gmail.com. You can also follow us on Twitter @ChanticleerNews, and look for us on Facebook at The Chanticleer. We look forward to receiving your articles and welcoming you to our staff.

Attention Students:

Campus Recreation is looking to build a strong team of students interested in working at the new Student Recreation and Convocation Center for the 2012-2013 school year. If this sounds like the job for you, and you are a returning student, you are encouraged to come to one of the 3 job fairs.

TU CKER FRAWLEY  Baseball  Catcher  
The senior started 40 games last season for the Chanticleers behind the plate. Frawley hit .234 in 128 plate appearance while scoring 19 runs and driving in 15. After one weekend of play, Frawley has a .333 batting average with 1 RBI and a walk.

K IANA QUOLAS  Softball  P/IB  
The freshman finished the Florida State Tournament with a 3-0 record, earning herself the Citrus Brand Pitcher of the Week. In 20 innings of work, Quolas posted a 1.00 ERA.

ACC GETS THE BEST OF CGG BASEBALL IN OPENING WEEKEND

TJ SUNDBERG  
Chanticleer fans probably didn't get what they expected during baseball's opening weekend. The Chanticleers dropped their final two games of the Caravelle Resort Tournament to the unranked Boston College Eagles and number 17 Virginia Cavaliers by 5 and 6 runs, respectively.

"Things were looking really good for us after Friday's (Feb. 17) win against JMU. I was expecting to at least beat BC," said freshman Lauren Colombe.

The Chanticleers handled the James Madison Bulldogs Feb. 17 to pick up their seventh consecutive opening day victory. In the victory, Tyler Herb picked up his first collegiate victory and outfielder Bryce Dial struck the lumber with two hits and two runs on the game. Catcher Tucker Frawley also delivered an RBI single and outfielder Jacob May had two runs and a stolen base.

The rest of the weekend produced different results for the Chanticleers, however. Saturday, the Cavaliers pulled away from the Chants with three-run home runs in the seventh and eighth innings. The home runs crushed the record-setting crowd of 1,635 as fans were expecting a win. Boston College jumped all over freshman starter Ben Smith as he took the loss. BC stole the weekend, completing a clean sweep of the three teams they faced.

"We looked like we were running on all cylinders Friday. I'm not too sure what happened the rest of the weekend," said Chanticleer fan William Kahler.

"Maybe it was the weather."

Fans need not worry though; the Chanticleers have 17 games remaining on their season-opening 23-game homestand.

TI'S TAKE

Quick question: Anyone feel like dancing?  

TJ SUNDBERG  
It's almost March, Chanticleer hoops fans, and I don't know about you guys, but I feel like dancing. After watching gut wrenching, heartbreaking losses to Winthrop and UNC-Asheville in the prior two Big South Conference championship games, I think it's time I see us in the NCAA tournament.

The Chants have shown flashes of greatness this season, like when they took down LSU in the loudest Kimbel Arena I've ever seen in my three years here. And then again when Chris Gradnigo slammed a buzzer beater against Clemson.

Then, there have been flashes of, well, not so greatness, like when they lost to Georgia Tech at home and let the Camels shoot 69 percent from the floor in the second half en route to blowing a double-digit lead.

Despite the suspensions, losses and even successes, I still think the Chanticleers have a legitimate shot at making a run at the NCAA tournament. If we can catch fire at the right time (cough cough New York Giants, I think we have a shot. Maybe not playing in Kimbel is just what we need to overcome a third straight Big South Finals loss. After all, a guy can hope right?
Over the past seven years, Coastal Carolina and UNC-Wilmington have battled on the track over a coveted surfboard trophy. On March 3, the Men’s track teams from both schools will compete in the Battle of the Beaches VIII. UNC-Wilmington holds the advantage in the series 4-3 since 2005. The meet, which alternates host sites each year, is at Coastal’s Track and Field Complex this year.

The Chants look to open the season strongly with a strong freshmen recruiting class paired with a solid core of returnees. Notable athletes looking to fare well this weekend stretch across the events. In the short sprints, senior Corey Jamieson, sophomores Tyler Askew and freshmen Joseph Wilson should bring some heat.

In the middle distance events, freshmen Nicholas Parks and Tim Byrnes look to come off of a strong indoor meet in their first college outdoor races. Additionally, sophomore Cameron Wells looks to open up his outdoor season in the middle distance races.

In the distance events, Coastal brings senior Kyle King, junior Spencer Laughr and a strong team of freshmen looking to open their first collegiate outdoor seasons.

In the hurdles, Coastal has one of the deepest groups in years. In that group is junior Shane Norris, sophomores Russell Kamin and Trevor Goe, and freshmen Cameron Fernandes and Jake McKeon. Coastal also has rising stars in the jumps with freshmen Reggie Nelson and Aaron Nalley in the High Jump and sophomores J.D. Barnette, Rahm Fredericks and Nenawish Shirley in the Long and Triple Jumps. Askew also brings distance to the Long Jump.

Finally, in the throws, CGU returns senior star Jordan Sherratt, Aaron Flammo as well as a host of others, junior Chris Tillotson and sophomores Tyler Slepick and Jackson Cooper also have the space for CGU. Senior Tyler Swannom, sophomores James Gorie and Cameron Griggs and freshmen Ryan Macek look to debut in the Hammer Throw, Shot Put and Discus.

With a deep team in almost every event, Coastal plans to take the surfboard back and keep it in Conway. Be sure to come out and cheer on the Chants all day on the track as they open their outdoor season.

What does it mean?

Brian Tracy coined this phrase, which essentially means, don't procrastinate. Psychologists have found that procrastination, particularly of a challenging task, drains a person's energy. Consequently, once activities have been prioritized, you need to "eat the frog" and start with the most daunting and important priority on the list. Just do it! This choice will drive your productivity.
